Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name,* if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation,* if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers

not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

The following alteration in the rules for the custody, distribution, and sale of Postage Stamps, sanctioned by Government, is published for general information, and will have effect from 1st May, 1870 :—

Existing Rules.	*As now modified.*
6th.—Every Treasury throughout India, including those attached to Political, Customs, and Salt Agencies, shall be a local Depôt for the sale of Postage Stamps of the value of not less than five rupees of Labels at one time : provided that the quantity sold shall not include less than one rupee's worth of any particular value of Stamps. At any station at which there is a Collector of Land Revenue, neither a Salt Agent nor Collector of Customs shall be entrusted with the custody and sale of Postage Stamps.	*6th.*—Every Treasury throughout India, including those attached to Political, Customs, and Salt Agencies, shall be a local Depôt for the sale of Postage Stamps : provided that the *value of the Stamps sold at one time to any purchaser shall not be less than Rs. 5, and shall not include any fraction of a rupee.* At any station at which there is a Collector of Land Revenue, neither a Salt Agent nor Collector of Customs shall be entrusted with the custody and sale of Postage Stamps.
7th.—A supply equal to the probable consumption for two months of the district attached to each local Depôt shall be kept in each, and as soon as the number in store has fallen below the number expended during the preceding three months, the Collector or other Officer in charge of the Depôt shall indent* on the Central Depôt of his Presidency for a number equal to the consumption of the last three months for which accounts have been rendered to the Central Depôt of the Presidency. If by any accident the stock of Stamps of any value should run short before the receipt of a fresh supply from the Central Depôt, the Officer in charge of the Treasury will indent on neighbouring districts for a quantity sufficient to meet the demand, which may be supplied or not, according to the discretion and on the responsibility of the officer indented on, with reference to the wants of his own district. It will be the duty of the Superintendent of Stamps of the Presidency to report to the Director-General of the Post-Office, for the orders of Government, every occasion on which it may appear from the Monthly Statement or otherwise that the store of Stamps of any particular value in any district has fallen below the authorized amount.	*7th.*—A supply equal to the probable consumption for *five* months of the district attached to each local Depôt shall be kept in each, and as soon as the number in store has fallen below the number expended during the preceding *six* months, the Collector or other Officer in charge of the Depôt shall indent* on the Central Depôt of his Presidency for a number equal to the consumption of the last three months for which accounts have been rendered to the Central Depôt of the Presidency. If by any accident the stock of Stamps of any value should run short before the receipt of a fresh supply from the Central Depôt, the Officer in charge of the Treasury will indent on neighbouring districts for a quantity sufficient to meet the demand, which may be supplied or not, according to the discretion and on the responsibility of the officer indented on, with reference to the wants of his own district. Stamps will be issued on credit from a Presidency Stamp Office to officers in charge of Treasuries ; but those officers, when selling the Stamps to Post-masters and other venders for distribution to the public, will invariably require cash on delivery. All officers of Government, whether employed in the Post Office or otherwise, who are required to vend Postage Labels, may be allowed discount at the rate of one anna in the rupee, provided that the Labels supplied to any such officer at one time be of the value of not less than five rupees. All other persons, including officers of Government, who are not required to sell Stamps, will only be allowed discount at the present rate of half an anna in the rupee.	*9th.*—No account current of Postage Stamps shall be kept at any subordinate Depôt. Simla, the 17th June 1870.

No. 1286.—With reference to Financial Resolution No. 2528, dated 26th September 1865, promulgating rules for the regulation of the allowances of ministerial and other officers of Government suspended from office pending enquiry into their conduct, the Governor-General in Council is pleased to rule that, although the discretionary power of allowing full salary to acquitted officers delegated to Local Governments and Heads of Departments under Rule 2 does not extend to the sanction of expenditure in excess of grant limits, the orders of a Local Government or Head of a Department granting full salary under Rule 2, coupled with an indication of the Budget head under which any additional expense involved can be met, will be sufficient authority for the Audit Department to pass the charge. Leave and Allowances.

The 15th June 1870.

No. 1223.—The Governor-General in Council is pleased to lay down the following rule regarding the allowances of officers in appointments on progressive salaries :—

If an officer officiate in an office on a progressive salary, the minimum of which is the same as his substantive salary at the time, he shall draw no acting allowance at first, but will subsequently be entitled to periodical increases of emolument in the shape of acting allowance, equal to the increases of salary he would have received had he been the permanent incumbent of the office. Should he again officiate in the office while his substantive salary continues the same, his acting allowance shall be calculated as if the officiating service he had rendered in the office in broken periods had been continuous. Should he be permanently appointed to the office while officiating in it, or after he has ceased to officiate, his salary shall be calculated as if he had been the permanent incumbent of the office for the period during which he had officiated in it continuously or otherwise.

Postal Notices.

Simla, the 12*th May*, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer " On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

GOVERNMENT OF INDIA.

FINANCIAL DEPARTMENT.

Leave and Allowances.

Simla, the 10th June 1870.

READ—

Letter from the Officiating Secretary to the Government of Bengal, No. 1262, dated the 3rd ultimo, and enclosure, referring, for decision, the question whether a Deputy Inspector of Schools in Bengal, officiating for another of a higher grade, is entitled to acting allowance.

RESOLUTION.—In Departments where appointments such as are never held by Covenanted Civil Servants or Military Officers are divided into classes and sub-divided into grades, an Uncovenanted Officer, acting in a higher grade of the class to which his substantive appointment belongs, is not entitled to acting allowance. The Governor-General in Council regrets that he is unable to make an exception to this rule in favor of Deputy Inspector of Schools in Bengal.

No. 578.—The following extract from the Proceedings of the Government of India in the Financial Department, No. 842, under date Simla, the 31st May 1870, is published for general information :—

READ—

Endorsement of the Home Department, No. 232, dated 9th May 1870, on an enquiry from the Ven'ble the Archdeacon of Calcutta whether Church servants are, under the rules, eligible for pension.

ORDER.—Ordered, that the Home Department be informed that Church servants are not eligible for pensions and gratuities under the rules, by reason of their entire pay not being disbursed from the revenues of the State, and also of their not being required to devote their whole time to the duties of their offices; but that a special case might be submitted to Government, if there were sufficiently strong grounds.

Original papers returned.

No. 580.—The following extract from the Proceedings of the Government of India in the Financial Department, No. 143, dated Simla, the 28th April 1870, is published for general information :—

READ—

Endorsement from the Home Department, No. 1370, dated the 14th ultimo, forwarding, for consideration, a copy of a letter from the Government of Bombay, and of a Resolution No. 703, passed by that Government on the 25th February 1870, regarding the acting allowances of the substitutes of Uncovenanted Servants.

OBSERVATIONS.

THE Resolution of the Government of Bombay is unobjectionable, except inasmuch as it states that the Resolution No. 1821, passed in this Department on the 12th July 1869, applies "to cases where the person appointed to act for the Uncovenanted absentee is not in the employment of Government," and that the order of this Department No. 2858, dated the 30th November 1869, is an exception to the rules for acting allowances. With reference to these statements, the Governor-General in Council observes that the Resolution of the 12th July 1869 applies to the cases of all persons, whether in the service of Government or not, who are appointed to officiate for Uncovenanted absentees on salaries of less than Rs. 200 per mensem, and that the order of the 30th November 1869 relates, not to acting appointments, but to appointments which, though temporary, are substantive.

ORDER.—Ordered, that a copy of the foregoing Observations be forwarded to the Home Department, with a copy of the order of the 30th November 1869, therein referred to, and to the Accountant-General, Bombay.

No. 2858, dated Fort William, the 30th November 1869.
From—G. H. M. BATTEN, Esq., Under Secy. to Govt. of India, Financial Department.
To—The Accountant-General, Bombay.

I AM directed to acknowledge the receipt of Mr. Officiating Deputy Accountant-General W. E. Gordon's letter No. A—2892, of the 13th ultimo, and in reply to state that a ministerial officer, who has been appointed to a vacant post by the head of his office with the stipulation that his appointment is temporary, and must be given up after a certain time, or on a certain contingency, can, under the order of this Department No. 22, dated the 12th January 1865, be allowed the full pay of the post.

Extract from the Proceedings of the Government of Bombay, Judicial Department,—No. 703, under date the 26th February 1870.

READ the following letter from the Judge of Surat, No. 59, dated 8th January 1870 :—

"With reference to Government Resolution No. 4441, dated 14th ultimo, empowering Heads of Offices to appoint substitutes on full pay to temporary vacancies, the salary of which does not exceed Rs. 20 per month, I have the honor to request the instructions of Government whether, after the orders issued by the Government of India, embodied in the Bombay Government's Financial Resolution No. 1697,* of the 20th ultimo, the restriction laid down in Resolution No. 4441 as to the power of Heads of Departments to make temporary nominations on full pay, and the necessity of submitting quarterly returns of the same, still hold good."

*Circulated with endorsement No. 4673, dated 29th December 1869.

READ also the following report by the Officiating Accountant-General, No. A-3778, dated 24th January 1870 :—

"The undersigned has the honor to report that the orders contained in Local Government Resolution No. 4441, dated 14th December 1869, are not affected in any way of those* of the Government of India alluded to by Mr. Kemball. The former refer to the adjustment of the acting allowances of substitutes of absent Uncovenanted Servants whose salaries are under Rs. 20 a month; whereas the latter prescribe the manner in which appointments may be made to vacant situations (which it may not be expedient to fill up permanently), so as to secure the full pay thereof to the incumbents for the time being.

* Government of India's letter No. 1697, dated 20th December 1869.

"2. The undersigned would, however, remark that the rule laid down in Government Resolution No. 4441, of 14th December 1869, has virtually been partly superseded by the Government of India's Notification No. 3443, of 30th idem, which authorizes an Uncovenanted Servant acting in an office, the salary of which is less than Rs. 100 per month, being allowed, if necessary, as much of the salary of that office as is available.

RESOLUTION.—The following orders should be issued, in supersession of Government Resolution No. 4441, of 14th December 1869, Judicial Department :—

2. Government of India letter, Financial Department, No. 308, of 1st May 1869, applied the rules contained in Government of India Resolution, Financial Department, No. 122, of 6th January 1869, to all Uncovenanted Servants.

Three exceptions to the general rules have since been made in the case of lowly-paid appointments.

3. Government of India Resolution,* Financial Department, No. 1821, of 12th July 1869, seems to apply to cases where the person appointed to act for the Uncovenanted Absentee is not in the employment of Government.

4. Government of India letter,† Financial Department, No. 2858, of 30th November 1869, relates only to the case of a ministerial officer, whether already in the service or not, being appointed to a vacant post with the stipulation that the appointment is temporary, or depends for its continuance on a contingency. This order seems to apply to salaries of any amount, as when the office is vacant the whole salary would be available without extra expense to the State.

5. Government of India Resolution,‡ Financial Department, No. 3443, dated 30th December 1869, refers to the ordinary case of one Uncovenanted Servant acting in place of another when the salary of the office is less than Rs. 100 per mensem. In such cases the acting officer may be allowed as much acting allowance as is available.

6. Government are pleased to order that Heads of Departments may, in cases to which the above rules apply, and in anticipation of the sanction of Government, appoint substitutes on full pay to offices the salaries of which do not exceed Rs. 20 per mensem. A quarterly return of such appointments should be made to Government though the Accountant-General.

A previous separate reference must be made to Government in all cases in which the monthly salary exceeds Rs. 20.

7. In all appointments under the above Resolutions of Government of India creating exceptions to the ordinary rules, the strictest attention should be paid to the tenor of the Resolutions, and especially to the fact that in none of the three cases should any extra expense be incurred by the State through the grant of the excess of allowances.

8. Copy of this Resolution should be sent to the Government of India.

* *Vide* Bombay *Government Gazette*, dated 29th July 1869, page 854 :—

'The Governor-General in Council is pleased to empower Local Governments and Administrations to grant at their discretion more acting allowance than the rules authorize to the substitute of an Uncovenanted Absentee whose salary is less than Rs. 200 per mensem, whenever they may consider that the allowances provided by rule are, on public grounds, insufficient : provided that the total acting allowance does not exceed the amount of salary forfeited by the absentee, and that thus no extra charge to the State is incurred.'

† *Vide* Government Resolution No. 1697, dated 20th December 1869, Revenue Department, circulated with endorsement No. 4673, dated 29th idem, Judicial Department :—

'I am directed to acknowledge the receipt of Mr. Officiating Deputy Accountant-General W. E. Gordon's letter No. A-2892, of the 13th instant, and in reply to state that a ministerial officer who has been appointed to a vacant post by the head of his office, with the stipulation that his appointment is temporary, and must be given up after a certain time or on a certain contingency, can, under the orders of this Department No. 22, dated the 12th January 1865, be allowed the full pay of the post.'

‡ *Vide* Bombay *Government Gazette*, dated 6th January 1870, page 4 :—

'The Governor-General in Council is pleased to rule, in continuation of the second paragraph of the order of this Department No. 308, dated the 1st May 1869, that when an Uncovenanted Servant acts in an office on a salary of less than Rs. 100 per mensem, the authority by which he is appointed to act may, if necessary, allow him as much of the salary of that office as is available.

NOTIFICATIONS.

Political.

The 24th June 1870.

No. 1070.—Some clerical errors having appeared in Notification dated 16th May 1870, No. 788P., the following revised Notification is published for general information :—

Treaty between the British Government and HIS HIGHNESS MAHARAJA RUNBEER SING, G.C.S.I., *Maharaja of Jummoo and Cashmere, his heirs and successors, executed on the one part by* THOMAS DOUGLAS FORSYTH, C.B., *in virtue of the full powers vested in him by His Excellency the Right Hon'ble* RICHARD SOUTHWELL BOURKE, *Earl of Mayo, Viscount Mayo of Monycrower, Baron Naas of Naas,* K.P., G.M.S.I., P.C., &c., &c., &c., *Viceroy and Governor-General of India, and on the other part, by* HIS HIGHNESS MAHARAJA RUNBEER SING *aforesaid in person.*

Whereas in the interest of the high contracting parties and their respective subjects it is deemed desirable to afford greater facilities than at present exist for the development and security of trade with Eastern Turkistan, the following Articles have, with this object, been agreed upon :—

ARTICLE I.

With the consent of the Maharaja, officers of the British Government will be appointed to survey the trade routes through the Maharaja's territories from the British frontier of Lahoul to the territories of the Ruler of Yarkund, including the route *viâ* the Chang Chemoo Valley. The Maharaja will depute an officer of his Government to accompany the surveyors, and will render them all the assistance in his power. A map of the routes surveyed will be made, an attested copy of which will be given to the Maharaja.

ARTICLE II.

Whichever route towards the Chang Chemoo Valley shall, after examination and survey as above, be declared by the British Government to be the best suited for the development of trade with Eastern Turkistan, shall be declared by the Maharaja to be a free highway in perpetuity and at all times for all travellers and traders.

ARTICLE III.

For the supervision and maintenance of the road in its entire length through the Maharaja's territories, the regulation of traffic on the free highway described in Article II., the enforcement of Regulations that may be hereafter agreed upon, and the settlement of disputes between carriers, traders, travellers or others using that road, in which either of the parties or both of them are subjects of the British Government or of any Foreign State, two Commissioners shall be annually appointed,—one by the British Government, and the other by the Maharaja. In the discharge of their duties and as regards the period of their residence, the Commissioners shall be guided by such rules as are now separately framed, and may from time to time hereafter be laid down by the joint authority of the British Government and the Maharaja.

ARTICLE IV.

The jurisdiction of the Commissioners shall be defined by a line on each side of the road at a maximum width of two Statute *kos*, except where it may be deemed by the Commissioners necessary to include a wider extent for grazing grounds. Within this maximum width the Surveyors appointed under Article I. shall demarcate and map the limits of jurisdiction which may be decided on by the Commissioners as most suitable, including grazing-grounds ; and the jurisdiction of the Commissioners shall not extend beyond the limits so demarcated. The land included within these limits shall remain in the Maharaja's independent possession ; and, subject to the stipulations contained in this Treaty, the Maharaja shall continue to possess the same rights of full sovereignty therein as in any other part of his territories, which rights shall not be interfered with in any way by the Joint Commissioners.

ARTICLE V.

The Maharaja agrees to give all possible assistance in enforcing the decisions of the Commissioners and in preventing the breach or evasion of the regulations established under Article III.

ARTICLE VI.

The Maharaja agrees that any person, whether a subject of the British Government, or of the Maharaja, or of the Ruler of Yarkund, or of any Foreign State, may settle at any place within the jurisdiction of the two Commissioners, and may provide, keep, maintain, and let for hire at different stages, the means of carriage and transport for the purposes of trade.

ARTICLE VII.

The two Commissioners shall be empowered to establish supply depôts, and to authorize other persons to establish supply depôts at such places on the road as may appear to them suitable ; to fix the rates at which provisions shall be sold to traders, carriers, settlers, and others, and to fix the rent to be charged for the use of any rest-houses or serais that may be established on the road. The officers of the British Government in Kullu, &c., and the officers of the Maharaja in Ladakh shall be instructed to use their best endeavours to supply provisions on the indent of the Commissioners at market rates.

ARTICLE VIII.

The Maharaja agrees to levy no transit duty whatever on the aforesaid free highway; and the Maharaja further agrees to abolish all transit duties levied within his territories on goods transmitted in bond through His Highness's territories from Eastern Turkistan to India, and *vice versa,* on which bulk may not be broken within the territories of His Highness. On goods imported into, or exported from, His Highness's territory, whether by the aforesaid free highway or any other route, the Maharaja may levy such import or export duties as he may think fit.

ARTICLE IX.

The British Government agree to levy no duty on goods transmitted in bond through British India to Eastern Turkistan, or to the territories of His Highness the Maharaja. The British Government further agree to abolish the export duties now levied on shawls and other textile fabrics manufactured in the territories of the Maharaja and exported to countries beyond the limits of British India.

ARTICLE X.

This Treaty, consisting of ten Articles, has this day been concluded by Thomas Douglas Forsyth, C.B., in virtue of the full powers vested in him by His Excellency the Right Hon'ble Richard Southwell Bourke, Earl of Mayo, Viscount Mayo of Monycrower, Baron Naas of Naas, K.P., G.M.S.I., P.C., &c., &c., Viceroy and Governor-General of India, on the part of the British Government, and by His Highness Maharaja Runbeer Sing, aforesaid; and it is agreed that a copy of this Treaty, duly ratified by His Excellency the Viceroy and Governor-General of India, shall be delivered to the Maharaja on or before the 7th September 1870.

Signed, sealed, and exchanged at Sealkote on the second day of April in the year of our Lord 1870, corresponding with the 22nd day of Bysakh, Sumbut 1927.

This Treaty was ratified by His Excellency the Viceroy and Governor-General of India at Sealkote on the 2nd day of May in the year 1870.

THE following Rules for the guidance of the Joint Commissioners appointed under Article III. of the above Treaty are published for general information :—

Rules for the guidance of the Joint Commissioners appointed for the new route to Eastern Turkistan.

I.—As it is impossible, owing to the character of the climate, to retain the Commissioners throughout the year, the period during which they shall exercise their authority shall be taken to commence on 15th May, and to end on 1st December, or till such further time as the passage of traders renders their residence on the road necessary.

II.—During the absence of either Commissioner, cases may be heard and decided by the other Commissioner, subject to appeal to the Joint Commissioners.

III.—In the months when the Joint Commissioners are absent—*i. e.*, between 1st December and 15th May, or the dates that may hereafter be determined—all cases which may arise shall be decided by Wuzeer of Ladakh, subject to appeal to the Joint Commissioners.

IV.—The Joint Commissioners shall not interfere in cases other than those which affect the development, freedom, and safety of the trade, and the objects for which the treaty is concluded, and in which one of the parties or both are either British subjects or subjects of a Foreign State.

V.—In civil disputes the Commissioners shall have power to dispose of all cases, whatever be the value of the property in litigation.

VI.—When the Commissioners agree, their decision shall be final in all cases. When they are unable to agree, the parties shall have the right of nominating a single arbitrator, and shall bind themselves in writing to abide by his award : should the parties not be able to agree upon a single arbitrator, each party shall name one, and the two Commissioners shall name a third, and the decision of the majority of the arbitrators shall be final.

VII.—In criminal cases of the kind referred to in clause 4, the powers of the Commissioners shall be limited to offences such as in British territory would be tried by a Subordinate Magistrate of the first class, and as far as possible the procedure of the Criminal Procedure Code shall be followed. Cases of a more heinous kind, and of offences against the special laws regarding religion in Cashmere, should be made over to the Maharaja for trial if the accused be not an European British subject : in the latter case he should be forwarded to the nearest British Court of competent jurisdiction for trial.

VIII.—All fines levied in criminal cases, and all stamp receipts levied according to the rates in force for civil suits in the Maharaja's dominions, shall be credited to the Cashmere Treasury. Persons sentenced to imprisonment shall, if British subjects, be sent to the nearest British Jail: if not British subjects, the offenders shall be made over for imprisonment in the Maharaja's Jails.

IX.—If any places come within the line of road from which the towns of Lehee are supplied with fuel, or wood for building purposes, the Joint Commissioners shall so arrange with the Wuzeer of Ladakh that those supplies are not interfered with.

X.—Whatever transactions take place within the limits of the road shall be considered to refer to goods in bond. If a trader opens his load, and disposes of a portion, he shall not be subject to any duty, so long as the goods are not taken for consumption into the Maharaja's territory across the line of road. And goods left for any length of time in the line of road subject to the jurisdiction of the Commissioners shall be free.

XI.—Where a village lies within the jurisdiction of the Joint Commissioners, then as regards the collection of revenue, or in any case where there is necessity for the interference of the usual revenue authorities in matters having no connection with trade, the Joint Commissioners have no power whatever to interfere; but, to prevent misunderstanding, it is advisable that the revenue officials should first communicate with the Joint Commissioners before proceeding to take action against any person within their jurisdiction. The Joint Commissioners can then exercise their discretion to deliver up the person sought, or to make a summary enquiry to ascertain whether their interference is necessary or not.

XII.—The Maharaja agrees to give Rs. 5,000 this year for the construction of the road and bridges; and in future years His Highness agrees to give Rs 2,000 per annum for the maintenance

of the road and bridges. Similarly, for the repairs of serais, a sum of Rs. 100 per annum for each serai will be given. Should further expenditure be necessary, the Joint Commissioners will submit a special report to the Maharaja, and ask for a specific grant. This money will be expended by the Joint Commissioners, who will employ free labor at market rates for this purpose. The officers in Ladakh and in British territory shall be instructed to use their best endeavours to supply laborers on the indent of the Commissioners at market rates. No tolls shall be levied on the bridges on this line of road.

XIII.—As a temporary arrangement, and until the line of road has been demarcated, or till the end of this year, the Joint Commissioners shall exercise the powers described in these rules over the several roads taken by the traders through Ladakh from Lahoul and Spiti.

Postal Notices.

Simla, the 12*th May,* 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal

officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

FINANCE DEPARTMENT.

The 2nd July 1870.

No. 605.—The following is published for general information :—

No. R.856, dated Fort William, the 22nd April 1870.

From—J. G. Charles, Esq., Offg. Under-Secretary to the Government of Bengal.

To—The Secretary to the Government of India, Financial Department.

I am directed to submit, for the favorable consideration and orders of the Government of India, the accompanying copy of a letter* from Mr. S. S. Hogg, Commissioner of Police and Chairman of the Justices for the Town of Calcutta, requesting that the six months' furlough under section 6 of the Covenanted Service Rules taken by him in March 1869, under the orders of this Government, may now be commuted to special leave under section 23.

* No. 480, dated 28th March 1870.

2. It will be seen from the Accountant-General's memorandum† (a copy of which is herewith annexed), that Mr. Hogg was eligible under the Rules for the latter description of leave at the time the took the former.

† No. 192, dated 11th April 1870.

3. One of Mr. Hogg's reasons for having taken ordinary furlough in preference to special leave was, that, in the event of the necessity arising, he might be able to extend the six months to one year.

4. The allowances payable to an officer are the same, whichever of the two descriptions of leave in question he may have obtained, and there appears to be no reason why Mr. Hogg's application should not be complied with.

No. 408, dated Calcutta, the 28th March 1870.

From—S. Hogg, Esq., Commissioner of Police and Chairman of the Justices of the Peace for the Town of Calcutta.

To—The Offg. Secy. to the Govt. of Bengal.

In my letter No. 550, dated 3rd of March 1869, I applied for six months' leave of absence either on furlough under Rule 6 of the Covenanted Service Absentee Rules, or on special leave under Rule 23. By Government Orders No. 931, dated 11th March 1869, furlough for a period of six months under Rule 6 was granted to me.

2. My object in now writing is to request that you will do me the favor of moving the Hon'ble the Lieutenant-Governor to allow the leave granted to me last year to be considered as special leave. I solicit this concession as, when I submitted my application for leave, I understood that His Honor had some doubts whether, under existing Rules, special leave could be granted to an officer who had furlough standing to his credit. This doubt has now been removed, and I am desirous to benefit by the ruling.

3. It will be within the recollection of His Honor that I was anxious to obtain leave for one year, but, owing to a difficulty in allowing me to retain my appointment for so long a time, I only applied for six months.

4. My wife and family are now in England, and it is my present desire, either next year or the year after, to take furlough. This I cannot do, unless His Honor will be pleased to grant the request contained in this letter.

No. 192, dated Calcutta, the 11th April 1870.

Memo. by G. Macleod, Esq., Examiner of Claims, *for* Accountant-General, Bengal.

Mr. S. Hogg wae eligible to six months' private affairs leave under section 23 of the Absentee Rules when he proceeded on furlough for that term in March 1869. His application for the commutation of his furlough to special leave should, with reference to the orders of the Financial Department No. 567G., dated 25th February 1869, be considered in that Department.

Leave and Allowances.

Simla, the 31st May 1870.

Read—

Letter from the Officiating Under-Secretary to the Government of Bengal, No. R.856, dated the 22nd ultimo, and enclosure, submitting an application from Mr. S. S. Hogg, Commissioner of Police and Chairman of the Justices for the town of Calcutta, for the commutation to special leave on urgent private affairs of six months' furlough taken by him in 1869.

Resolution.—The commutation of Mr. Hogg's furlough to special leave under section 23 of the Covenanted Civil Service Leave Rules is sanctioned, with the remark that it seems to be a question for consideration in the Home Department whether a Local Government cannot retrospectively commute leave granted by itself within the rules.

Order.—Ordered, that a copy of the foregoing resolution be forwarded to the—

Home Department, with a copy of the papers therein referred to;

Simla, the 30th June 1870.

No. 1680.—By a General Order in the Military Department, No. 985, dated 14th October 1867, it was ruled that, on the formation of new Cantonments, or where suitable accommodation is not obtainable in existing Military Stations at reasonable rents, advances would be made by Government, within limits and on conditions specified in the order, to enable officers to erect or purchase houses for their own accommodation.

The indulgence authorized in that order was extended by Financial Notification No. 3115, of 20th December 1867, to officers in the Civil Administration of the Hyderabad Assigned Districts, and afterwards by various orders to officers in the Civil Department generally.

And it was extended further to Ministerial Officers, whenever the Head of a Department, after having satisfied himself of the reality of the need, might recommend the advance as an absolute necessity in places where the building of a house must be resorted to from no house being available.

The original order of 14th October 1867, thus extended to the Civil Department, had authorized conditional advances for the purchase, as well as for the building, of houses. A subsequent order, however, in the Military Department, No. 21, dated 6th January 1869, limited the issue of advances thenceforth to those cases in which, on the formation of new Cantonments, or where suitable accommodation is not obtainable in existing Military Stations at reasonable rents, officers desire to erect houses for their accommodation.

The indulgence to officers in the Civil Department must be similarly limited to those who desire to build houses at places where none are available, or where house-rent is dear.

The advances will be subject to the following conditions :—

I.—All such advances must be *bonâ fide* required for the purpose of building suitable houses for the personal residence of the officers concerned ; and if more is advanced than shall be actually expended for the purpose, the surplus shall be refunded to Government.

II.—Such advances shall not in the aggregate exceed six months' salary, and the whole advance must be repaid in two years.

III.—Recovery will be made by the Treasury Officer or other disbursing officer, deducting monthly instalments equal to one twenty-fourth part of the advance from the salary bills of the officer concerned.

IV.—In order to secure Government from loss consequent on an officer dying or quitting the service prior to complete re-payment of the advance, the house so built must be mortgaged to Government, by whom the mortgage will be released on the full amount of the advance being liquidated.

V.—An officer quitting or removed from the station where he has built a house, before the whole amount of the advance has been liquidated, will continue liable to the deduction of his monthly instalment until the advance has been repaid ; but, with the special sanction of the Local Government, he may be allowed to dispose of the house, provided he is thereby enabled to clear off at once the whole amount due ; or to transfer it to any officer of his own or higher rank, the future deductions being made from the salary of such officer.

VI.—An officer will not, under any circumstances, be allowed a second advance whilst any amount remains due on a previous one.

VII.—Applications for advances must be made through the applicant's departmental superior, who will record his opinion as to the necessity for the assistance solicited. The applicant must certify that the sum is to be expended in building only, and pledge himself that, should there be any surplus funds after the house is completed, they will be at once refunded to Government.

VIII.—The last pay certificate granted to officers under advances must specify the original amount of such advance, the amount repaid, and the balance remaining due.

A form of mortgage-bond* will be issued to officers who may wish to avail themselves of the advance.

Leave and Allowances.

The 29th June 1870.

No. 1603.—The Governor-General in Council is pleased to lay down the following rule for calculating the time to be allowed to Covenanted Civil Servants, Military Officers in Civil employ, Chaplains, and Uncovenanted Servants for joining a new appointment:—

The joining time to be allowed to an officer transferred from one station to another shall be seven days, and, in addition thereto, one day (exclusive of Sundays) for every hundred miles traversed by railway or steamer, or the time actually occupied in the voyage by steamer if it exceed the time calculated at one day per hundred miles, and one day, exclusive of Sundays, for every ten miles of the remainder of the distance between the two stations, provided that the whole time does not exceed three months, and that it is spent *bonâ fide* in progress from one station to the other.

2. These orders do not affect the provisions in the Leave Rules relating to subsidiary or preparatory leave.

Pensions and Gratuities.

The 30th June 1870.

No. 1636.—The Governor-General in Council is pleased to rule that arrears of territorial or political pensions which have remained undrawn for more than two years are not to be paid without the special order of the Local Government concerned.

The 1st July 1870.

No. 1555.—As considerable misapprehension exists in regard to the limitations of pensions of Uncovenanted Servants, both under the old and new Rules, the Governor-General in Council is pleased to issue the following Resolution:—

RESOLUTION.—Up to 1855 the pensions admissible under the Uncovenanted Service Pension Rules were not formally limited within any maximum amount.

2. On 19th May 1855 the Government of India published a despatch of the Court of Directors, which limited pensions for Uncovenanted Servants appointed after that date to £500 a year if their pay exceeded Rs. 1,000 a month, or to £400 a year if their pay ranged from Rs. 700 to Rs. 1,000 a month. This limitation applied alike to the one-third pay pension and to the half pay pension.

3. In 1862, with reference to the increasing number of well-paid appointments which were being thrown open to the Uncovenanted Service, the Government of Bombay recommended that the class who, in the opinion of that Government, were exempt from the foregoing limitation—*viz.*, those Uncovenanted Servants who have been appointed to the Government service before 19th May 1855—should, on promotion to an appointment the salary of which is Rs. 10,000 per annum, be called upon to renounce formally any claim to pension beyond the sum of £500 per annum.

4. The Government of India agreed with the Government of Bombay as to the propriety of the limitation, but demurred to the proposal for exacting a formal renunciation of title to a pension exceeding £500 a year from those admitted into the service before 19th May 1855, who might be offered promotion to a salary amounting to or exceeding Rs. 10,000 a year. Hesitation was felt on the following grounds, *viz.* :—

I.—That if a right to a pension exceeding £500 a year ever existed under the Pension Rules of 1831, in favor of those appointed to the service before 19th May 1855, it would be a "doubtful proceeding" to refuse "promotion to a deserving officer unless he will consent to abandon that to which, it is assumed, he has a right under the existing Rules."

II.—That no such right existed under the Rules of 1831, inasmuch as those Rules did not pledge Government to any particular *amount* of pension, but merely prescribed that the pension should not exceed a certain fixed proportion of the effective pay of the applicant, and that accordingly it was within the competence of the Government to define specifically, by subsequent Rules, as was done on 19th May 1855, the precise amount, within the limit of the prescribed proportions of effective pay, which should not be exceeded in awarding pension.

III.—That, in this view, the wording of the order of 19th May 1855, which applied the limitation mentioned in the 2nd paragraph of this Resolution to those only who might be appointed to the service after 19th May 1855, was unhappy, inasmuch as no specific rate of pension had ever been guaranteed to those appointed before that date.

5. Accordingly, the Government of India inclined to think "notwithstanding the difficulty caused by the proceedings of 1855, * * that even now it will be better that the Government should assert its right to alter the Rules of 1831 as regards all appointments clearly not embraced* by the original intention of those Rules, and to declare such alteration applicable to all Uncovenanted Servants, whether they entered the public service before 1855 or since."

6. "But if this be done, it may be right, having regard to the expectations which must naturally have been created by the order of 1855, to allow the full advantage of the Rules of 1831 with respect to all appointments *made up to the present time*,† and held by officers who entered the public service before 1855. Thus, such an officer, already holding an appointment of Rs. 1,500 a month, will, on superannuation after 20 or 30 years' service, according to the class of appointment, be able to claim a pension of £900 a year; but he will not, if hereafter promoted to higher emoluments, be able to claim a still larger pension, calculated on those higher emoluments."

7. This reference was submitted to the Secretary of State quite apart from a memorial from Uncovenanted Servants praying for increased pensionary advantages. The Secretary of State, however, answered the reference and the memorial in the same despatch.

8. In reply to the memorial, he conceded certain additional benefits, but qualified them by a condition that pensions should be limited as follow, *viz.* :—

1st.—That half pay pensions should not exceed £500 a year, whatever the amount of salary, or £400 a year when the salary does not exceed Rs. 12,000 per annum.

2nd.—That one-third pay pensions should not exceed £300 a year, whatever the amount of salary, or £200 a year if the salary shall not exceed Rs. 12,000 per annum.

These form a part of the new Rules.

9. In reply to the reference from the Government of Bombay regarding pensions beyond £500 a year to those who were in the service on 19th May 1855, the Secretary of State decided that, "under the existing Pension Rules, an Uncovenanted Servant is not entitled to claim a pension of the full amount, which is only authorized as the reward of approved service, and when the Rules were framed it could not have been contemplated that a larger pension than £500 per annum could ever be granted."

Para. 23 of despatch dated 8th December 1862.

* *I. e.*, appointments on Salaries exceeding Rs. 600, 700, or 800 a month.

† 6th August 1862.

Para. 24 of despatch dated 8th December 1862.

10. "Under any circumstances, therefore, the full pension should only be awarded in cases of extraordinary merit."

Para. 25 of despatch dated 8th December 1862.

11. "With this reservation, therefore, I concur in the expediency of the proposition* made by you, which must be invariably acted upon as regards promotion subsequent to this date,† and a clause to that effect should be included in the new Rules.

12. The 23rd and 24th paragraphs of the Secretary of State's despatch of 8th December 1862 (paragraphs 9 and 10 of this Resolution) were published, but paragraph 25 not having been published, a memorial was submitted, asking for an interpretation of the published paragraphs. In forwarding this memorial, the Government of India explained that "the recommendation which the Government of India submitted on this point was, that those officers who entered the service before the 19th of May 1865 should be allowed, in respect of all appointments made previously to the time of the reference, a pension at the full rate allowed by the Rules of 1831, *whether more or less than* £500 *a year*; but that persons appointed to highly-paid offices subsequently to this date (*i. e.*, the time of writing) should be limited as to the amount of pension by the Rule which fixes the maximum pension at £500 a year. The Government of India then contemplated a more liberal application of the Rules 1831 as regards the class of servants referred to than would be admissible under a strict interpretation of the 24th paragraph of your despatch."

13. The reply of the Secretary of State is quoted below :—

Secretary of State's despatch No. 20, *dated* 9*th February* 1864.

I have considered in Council your Financial letter dated the 13th October 1863, No. 127, forwarding a memorial from certain Uncovenanted Officers at your Presidency, requesting an interpretation of paragraphs 21 to 25 of my Financial despatch dated the 8th December 1862, No. 205, which relate to the limitation of pensions to Uncovenanted Servants to £500 per annum.

2. In the letter from your Government dated the 6th August 1862, No. 111, you stated that the Uncovenanted Service cannot claim to have any rights under the Rules of 1831 beyond what may be considered to arise out of the general pledge which those Rules may be taken to give, that a member of that service when rendered incapable of further duty shall not be discharged without some pensionary support. As regards the amount of pension to be given, the Rules merely fix a limit which is not to be exceeded, and although it has, with rare exceptions, been the practice to allow the highest pension of which the Rules allow, this practice cannot be admitted to confer on the Uncovenanted Service any right to claim that maximum in all cases, without any regard whatever to the original design and scope of the Rules.

3. In that view Her Majesty's Government fully concurred. It was therefore decided that Uncovenanted Servants appointed prior to the 19th May 1855 (the date of the Court's despatch limiting pensions to £500 per annum) whose average salary during the last five years of their service shall have exceeded Rs. 10,000 per annum, and also those who were promoted prior to the 6th August 1862 (the date of the letter from the Government of India relative to the limitation of pensions to Uncovenanted Servants) to offices to which salaries exceeding Rs. 10,000 per annum are attached, shall, if their average salary during the last five years of their service exceed that amount, be allowed, in cases of extraordinary merit, pensions exceeding £500 per annum,—the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests. In regard to Uncovenanted Servants who have rendered approved services of only an ordinary character, the pension must in no case exceed £500 per annum.

4. An Uncovenanted Servant promoted subsequently to the 6th August 1862 to an office to which a salary exceeding Rs. 10,000 per annum is attached is not to be granted an increased pension in consequence of the increase to his salary.

14. This reply did not embrace the cases of persons appointed before 19th May 1855, whose salaries at the time of retirement may be less than Rs. 10,000 per annum. In respect of such persons it was urged by the Government of India in a despatch to the Secretary of State, No. 31, dated 5th February 1868, that, inasmuch as the orders of 9th February 1864 "recognize the claim to a pension of Rs. 5,000 per annum, or one-half of salary, on the part of an Uncovenanted Servant whose average salary for the last five years of service is Rs. 10,000 per annum, Uncovenanted Servants with salaries of less than Rs. 10,000 per annum, who were appointed before the 19th May 1855, might be allowed one-third or half pay pension, irrespective of the limits laid down in the new Pension Rules, which may be restricted to the cases of Uncovenanted Servants appointed after the 19th May 1855."

15. The Secretary of State, however, in a despatch No. 400, dated 18th November 1869, negatived the recommendation, observing that there was no ground "for excepting Uncovenanted Servants with salaries of less than Rs. 10,000 per annum from the Rules applicable to Uncovenanted Servants with salaries exceeding that amount ;" and added that "if, in any particular case of a servant whose salary is less than Rs. 10,000, you should consider that unusually meritorious service calls for a relaxation of the restriction contained in the Rules, I shall be prepared to consider any recommendation you

* Para. 6 of this Resolution.
† 8th December, 1862.

might make for the grant of a special pension, as already allowed in regard to servants with higher salaries."

16. Three other classes of officers have been exempted from the limitations of the half and one-third pensions prescribed by the new Pension Rules, *viz.* :—

I.—In a despatch No. 84, dated 31st March 1865, the Secretary of State ruled that "Civil Engineers, who entered into Covenants when the old Uncovenanted Leave and Pension Rules were in force," might be allowed "the benefit of those Rules in regard both to leave of absence and pension; and any Covenanted Engineer so situated may therefore have the option of selecting which Rules he will abide by; but, having once made his selection, is not to be permitted to avail himself of any of the advantages of the other Rules."

II.—In Financial Resolution No. 1852, dated 16th August 1865, the benefit of the foregoing decision wss extended to certain officers of the Telegraph Department, who had executed their Covenants before the publication, in June 1863, of the new Uncovenanted Service Leave and Pension Rules.

III.—Under an impression that the classes of officers who, in the old Pension Rules, were designated as Law Officers and Native Judges, had ceased to exist, the Secretary of State, in a despatch No. 290, dated 23rd December 1865, declared the new Rules applicable to all Uncovenanted Officers in the Judicial Depertment. In reply, the Government of India explained that the term Native Judges included Principal Sudder Ameens, Sudder Ameens, and Moonsiffs, and that to these the old Rules assured a pension equal to one-third salary after 15 years' service, and equal to one-half after 22 years' service, when the applicants were certified to be unfit for further duty. Thereupon the Secretary of State observed in his despatch No. 174, dated 31st July 1866, that "it was not understood that the exceptional advantages granted by the old Uncovenanted Service Pension Rules to 'Native Judges' extended to Native Judicial Officers of other grades. So far as relates to any Native Judges now in the service who can be considered entitled to benefits granted by the old Rules to officers of that class, I am willing that they shall still be considerd eligible to the pensions allowed by those Rules; but, with reference to all future appointments, I see no ground for making a distinction between Native Judges and the general body of Uncovenanted Servants, for whom the new Rules make liberal provision." This despatch was published by the Government of India on the 29th October 1866.

17. The Rules, therefore, regarding the limitations of the amount of pensions of Uncovenanted Servants may be thus summarised :—

I.—The limitations prescribed by the Uncovenanted Service Pension Rules of April 1864 in regard to one-third and one-half pensions do not apply to Uncovenanted Servants of the three classes noted in the margin. Ordinarily, the limit of pension for these classes of servants will be £500 per annum.

I.—Officers who entered the service before 19th May 1855, or were promoted before 6th August 1862 to salaries exceeding Rs. 10,000 a year, and whose average salary during the last five years of service exceeds that sum.

II.—Covenanted Civil Engineers in the Public Works Department, and certain Civil Covenanted Officers of the Telegraph Department, who entered the service before the promulgation of the new Rules, and have elected to abide by the old Pension Rules.

III.—Native Judges who were in the Service on the 29th October 1866.

In cases of extraordinary merit, Uncovenanted Servants of the first of the said Classes may be allowed pensions exceeding £500 per annum, the amount of excess to be governed by the merits and services of the retiring servant, and to be limited to an amount consistent with a due regard to the public interests.

II.—In all other cases the pensions of Uncovenanted Servants are subject to the limitations of the new Pension Rules of 8th June 1863 and 13th April 1864; but for "unusually meritorious services" special pensions may be allowed by the Secretary of State to any appointed before 19th May 1855.

ORDER.—Ordered, that the foregoing Resolution be published in the *Gazette of India.*

Dated Lahore, 29th June 1870.

FORWARDS, for information and guidance, extract para. 3 of a letter No. 995, dated 2nd May 1870, to the address of the Commissioner, Jullundhur Division, relative to the countersignature by Deputy Commissioners of Calendars of Cases committed to the Sessions by their subordinates.

H. S. Cunningham, Esq.,
J. S. Campbell, Esq., } *Judges.*

By order,

W. COLDSTREAM,

Officiating Registrar.

Extract para. 3 from a letter No. 995, dated 2nd May 1870, from the Offg. Registrar of the Chief Court, Punjab, to the Commissioner, Jullundhur Division.

On the second point—the necessity for the countersignature of the Deputy Commissioner on the Calendar,—I am to say that the Court thinks the rule in force, obliging him to countersign, imposes needless trouble on the Deputy Commissioner, and need not be maintained. The Deputy Commissioner has not generally time minutely to inspect cases of committal, and he cannot legally order the Committing Magistrate to take further evidence. Each Magistrate should commit on his own responsibility.

BOOK CIRCULAR No. XII.-1660 of 1870.

From

W. Coldstream, Esq.,

Offg. Registrar of the Chief Court of the Punjab,

To

All Commissioners and Deputy Commissioners in the Punjab.

Dated Lahore, 2nd July 1870.

Chief Court of the Punjab.

Present:

H. S. Cunningham, Esq., J. S. Campbell, Esq., } *Judges.*

It having been represented to the Chief Court that difficulty is frequently experienced by subordinate Courts in serving processes issued under Section 345 of the Code of Civil Procedure, in consequence of the occupations and places of residence of the parties to the suit not being sufficiently described therein ; and the Court having observed that such omissions are due to the careless manner in which copies of judgments and orders granted for the purpose of appeal are still prepared in several districts, the following supplementary rules are issued, in continuation of Book Circulars I. and XIV. of 1868, and Commissioners and Deputy Commissioners are enjoined to see that they are strictly adhered to in future.

1.—Every copy of a judgment or order granted by any Civil or Criminal Court shall be written in a fair, legible hand, upon good and durable paper of foolscap size. When the copy is of an order in vernacular, it must be written upon good, strong country paper.

2.—Every such copy of a judgment or order of a Civil Court shall be commenced with a heading containing the following information :—

(*a*). The Court by which the suit was decided, and name of the presiding officer ; and also, where such Court is an appellate Court, the name and official designation of the officer whose order was appealed, and date of that order.

(*b*). Date of institution of suit or appeal, as the case may be.

(*c*). Name, parentage, trade, or occupation, and place of residence (stating tahsil and zillah) of each plaintiff and defendant.

(*d*). Nature and amount or value of the claim clearly and fully stated, giving, in suits regarding land or other immoveable property, the name of the city, town, or mouzah, and the tahsil and zillah within which the property in dispute is situate.

3.—Every such copy of a judgment or order of a Criminal Court shall be commenced by a heading containing the following information :—

(*a*). The Court by which the case was decided, with the name of and powers exercised by the presiding officer ; and also, where such Court is an appellate Court, the name of and powers exercised by the officer whose order was appealed, and date of that order.

(*b*). Name, parentage, occupation, and place of residence (stating tahsil and zillah) of the complainant and accused.

(*c*). Offence committed, and sentence passed.

At Sukkur the Superintendent will receive and despatch all goods to their destination, and the Freight Agents at the various stations will receive and ship goods, if required to do so; but the Government of the Punjab will not be responsible for such Agent, or for the safety of the goods entrusted to him after it is once put over the vessel's side. The demand for tonnage fluctuates according to the state of the market and of the tonnage required by shippers: it is therefore to be clearly understood that the undermentioned tables exhibit minimum rates, which will in each case be settled by the Superintendent at Sukkur, or the Freight Agents at the several stations.

Goods not applied for within 48 hours of arrival at Sukkur will be liable to godown rent, at one anna per package per diem.

No goods or treasure, however short the distance despatched, will be conveyed for less than Rs. 1-8-0,—*i. e.*, when the charge according to table rates proves under the above amount.

The Superintendent, Punjab Government Steam Flotilla, will not be responsible for any loss or damage that may be occasioned to goods by accident to the vessel, fire, or any other cause whatever, not traceable to neglect of those entrusted with the care of said goods, nor after they have once been put over the vessel's side; and shippers must agree to the conditions on the bill of lading.

Goods, the property of Government, will be conveyed free of charge; but shippers must furnish the Commander of the vessel with a certificate stating that the articles are *bonâ fide* the property of the State; and Commanders have been instructed to refuse goods unless accompanied by such a document, which is required to support a *pro formâ* charge in the books of this Department. The Freight Agents must, however, be paid the actual charge incurred in landing or shipping the said goods, &c., when required to do so. The above also applies to officers proceeding on duty at the expense of the State, and to convicts, their guards, and troops, for the passage of whom an embarkation order will be required, signed by the chief Civil or Military Authority of the station.

POST OFFICE.

Postal Notices.

Simla, the 12*th May*, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

No. 1596.—In accordance with the provisions of Section 26 of Act IV. of 1866, notice is hereby given that the Chief Court of the Punjab will hold Sittings, in the exercise of its Original Criminal Jurisdiction, in the Court-house at Lahore, on Thursday, the 21st day of July 1870, at 9 o'clock A. BOOK CIRCULAR No. XIII.-1730.

FROM

W. COLDSTREAM, ESQ.,

Offg. Registrar of the Chief Court of the Punjab,

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 9th July 1870.

CHIEF COURT OF THE PUNJAB,

Present:
H. S. Cunningham, Esq., } *Judges.*
J. S. Campbell, Esq., }

THE attention of all subordinate Civil Courts is called to the provisions of Section II., Clause 5, Part I. of the Punjab Civil Code, which require that, in all suits regarding rights and interests in land, the Judge must call for any records which may exist in the Collectorate Offices regarding the subject-matter of the suit, and a duly attested extract from the village record must be filed with the proceedings, if a regular settlement have been made.

The Chief Court considers the transmission and re-transmission of settlement records from Court to Court, which occurs so frequently at present in the course of suits regarding rights and interests in land, to be most objectionable, as these important records sometimes get seriously injured in transit. To obviate the necessity for their removal from the Record Offices in which they are deposited, unless for some exceptional cause which may render a reference to the original to be absolutely necessary for the right determination of a case, the Chief Court are pleased to rule that, in future, in every suit regarding rights and interests in land, or the rent, revenue, or produce of land, or any other suit in which an entry in the Settlement Record is relied upon or referred to in the pleadings or the judgment, the Court by which the suit is decided shall cause an extract to be made from the record of the entry relied upon or referred to, and, after duly attesting the same under the seal and signature of the Court, shall file it with the proceedings.

Commissioners are requested to see that this rule is strictly observed in all the Courts within their respective divisions.

By order, &c.,
W. COLDSTREAM,
Officiating Registrar.

The 7th July 1870.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address

of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer " On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name,* if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation,* if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer " On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

Leave and Allowances.

The 29th July 1870.

No. 2317.—There being an unnecessary diversity in the rules in the three Presidencies for the grant of travelling allowance to Uncovenanted Servants attending examinations, the Governor-General in Council is pleased to decide, in supersession of existing rules on the subject, that an Uncovenanted Servant, obliged to leave his station to attend an examination, shall, on not more than two occasions of his proceeding to pass for each standard, receive travelling allowance at the ordinary mileage rates, whether eight annas or four annas by road, and three annas or one and a half anna by rail, which may be admissible to him for rapid journeys on the duties of his appointment.

2. Officers in receipt of a fixed travelling allowance may draw the mileage at four annas by road, and one and a half anna by rail (or of eight annas by road and three annas by rail if they be graded with Covenanted Officers), on their surrendering their fixed allowances for the period of their absence from their stations; but if they fail to pass on the second occasion of going up for the same standard, they will forfeit all travelling allowances for the period of their absence.

Pensions and Gratuities.

The 28th July 1870.

No. 2097.—Read again Financial Resolution No. 36, dated 14th August 1857.

RESOLUTION.—Provision was made in this Resolution for granting assistance to the families of public officers killed in the execution of duty.

2. The Governor-General in Council deems it expedient to explain that a gratuity is admissible to the family of a public servant only when his death arises immediately *from the execution of some duty involving extraordinary bodily risk,* such as opposing, or endeavouring to arrest, a dangerous criminal. The *accidental* death of a public officer, even while he is on duty, gives no claim for a gratuity to his family. On this principle, the Government of India has more than once refused gratuities to the families of officers killed through falling from their horses while riding on duty.

3. Doubtful cases should be referred to the Government of India for orders,—as, for instance, when a Police Officer, escorting a prisoner during

a season of great heat, dies of sunstroke, or, again, a lascar is killed by the snapping of a hawser.

ORDER.—Ordered that the foregoing Resolution be published in the *Gazette of India.*

(2ND) RATES OF FREIGHT.

Goods will be conveyed up and down on the Punjab Government Vessels subject to the conditions specified on the bills of lading. At Sukkur the Superintendent will receive and despatch all goods to their destination, and the Freight Agents at the various stations will receive and ship goods, if required to do so; but the Government of the Punjab will not be responsible for such Agent, or for the safety of the goods entrusted to him after it is once put over the vessel's side. The demand for tonnage fluctuates according to the state of the market and of the tonnage required by shippers: it is therefore to be clearly understood that the undermentioned tables exhibit minimum rates, which will in each case be settled by the Superintendent at Sukkur, or the Freight Agents at the several stations.

Should any error be discovered in the freight charged, the deficiency will be demanded prior to delivery of goods.

Goods not applied for within 48 hours of arrival at Sukkur will be liable to godown rent, at one anna per package per diem.

Treasure is deliverable on the bill of lading only.

No goods or treasure, however short the distance despatched, will be conveyed for less than Rs. 1-8-0,—*i. e.*, when the charge according to table rates proves under the above amount.

The Superintendent, Punjab Government Steam Flotilla, will not be responsible for any loss or damage that may be occasioned to goods by accident to the vessel, fire, or any other cause whatever, not traceable to neglect of those entrusted with the care of said goods, nor after they have once been put over the vessel's side; and shippers must agree to the conditions on the bill of lading.

(4TH) FREIGHT ON CONVEYANCES.

Goods, the property of Government, will be conveyed free of charge; but shippers must furnish the Commander of the vessel with a certificate stating that the articles are *bonâ fide* the property of the State; and Commanders have been instructed to refuse goods unless accompanied by such a document, which is required to support a *pro formâ* charge in the books of this Department. The Freight Agents must, however, be paid the actual charge incurred in landing or shipping the said goods, &c., when required to do so. The above also applies to officers proceeding on duty at the expense of the State, and to convicts, their guards, and troops, for the passage of whom an embarkation order will be required, signed by the chief Civil or Military Authority of the station.

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer " On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

FINANCE DEPARTMENT.

The 6th August 1870.

No. 710.—The following is published for general information :—

No. 2547, dated the 20th November 1869.

From—G. H. M. BATTEN, Esq., Under-Secy. to Govt. of India, Financial Department.

To—The Chief Secretary to the Government of Bombay.

In acknowledging the receipt of your endorsement No. 1358, dated 16th October 1869, I am directed to state that the Governor-General in Council is unable to adopt the recommendation of the Government of Bombay, that any breaks in the service of Government servants in inferior grades, who may be thrown out of employ after a service of thirty years, should not interfere with their claims to compassionate allowance. It was decided in an order of this department dated 11th October 1861 that gratuities to Uncovenanted Servants should, as in the case of pensions, be granted only for continuous service, and as the compassionate allowance lately authorized for inferior servants is in lieu of the gratuity previously allowed to them, breaks in service (caused otherwise than by abolition of office) should, in respect of service for compassionate allowance, have the same effect as in respect of service for gratuity.

2. In the above view no compassionate allowance is admissible in the case referred to by the Government of Bombay, *viz.*, that of Abdool Kadur Wullud Fukee Ismael, a Chobdar on the establishment of the High Court, Bombay.

Expenditure.—Administrations and Public Departments.

The 4th August 1870.

No. 2043.—Read the undermentioned orders of this department regarding the complement of classified officers employed in it :—

Notification No. 1641, dated the 9th March 1870.

Resolutions Nos. 1973 and 202A, dated the 21st March and 29th April 1870.

Resolution.—In continuation of the above-mentioned orders, the Governor-General in Council is pleased to resolve that the Accountant-General, North-Western Provinces, shall, like the corresponding officer in the Punjab, be Deputy Commissioner of Paper Currency in his Circle, and that the Accountants-General and Deputy Commissioners of Paper Currency in the North-Western Provinces and the Punjab shall distribute, at their discertion, among their gazetted subordinates, the duties appertaining to the Account and Currency Departments under their control, reporting the distribution to this department.

2. In accordance with these resolutions, His Excellency in Council is pleased to abolish the office of Assistant to the Deputy Commissioner of Paper Currency, Allahabad Circle, and to provide for the performance of the duties of that office and the similar office in the Lahore Circle, which was abolished on the 9th March 1870, by sanctioning the appointment of two additional Assistants to the Accountants-General in the North-Western Provinces and the Punjab, who shall ordinarily be in the fifth class of the Financial Department.

3. Under these orders the sanctioned complement of classified officers in the Financial Department will stand as shown in the margin, and the schedule contained in the Resolution No. 202A, of the 29th April 1870, showing how the offices in the department will be ordinarily distributed among the first five classes, will need some modification as regards offices ordinarily tenable in the first and fifth classes.

Second	,,	7
Third	,,	10
Fourth	,,	10
Fifth	,,	13
Sixth	,,	9
Total ...		55

4. Further, His Excellency in Council observes that it may often be convenient that the officer appointed to any of the three offices of Inspector of Local Offices of Account, Deputy Comptroller-General of Accounts, or Assistant Secretary to the Government of India in the Financial Department, should be in the second class, and should continue to hold the particular office among the said three offices to which he is first appointed after promotion to the first class. His Excellency in Council observes also that as the Assistants in the Account and Currency Departments have not, like the first Assistants, separate recognised duties, their present designations are inappropriate. His Excellency in Council is therefore pleased to decide that the Inspectorship of Local Offices of Account shall, like the Deputy Comptroller-Generalship of Accounts and the Assistant Secretaryship to the Government of India in the Financial Department, be ordinarily tenable either in the first class or in the second; and that the designations of the Assistantships in the Account and Currency Departments shall be altered as shown in the margin. His Excellency in Council is also pleased to decide that the designations of the two Assistants in the Financial Secretariat shall at once be altered to Assistants to the Secretary to the Government of India in the Financial Department.

(11.) Communications sent by private persons to Government officials, relating to the affairs of Government, and endorsed according to the specimen form given on the margin, under the full signature of the sender (the address including the full official designation of the public office to which the cover is sent), will be charged on delivery at the rate to which they would have been liable if prepaid by stamps. This Rule is intended to provide for cases of zemindars reporting the occurrence of crime to Police Officer; of employers of laborers sending returns required by the Protector; and of any similar reports or returns authorized to be so sent.

Paragraph 21 as at present.

(21.) Government Officers are bound to receive and pay any postage which may be due on covers addressed to them under the superscription "On Her Majesty's Service," or "Service bearing." If the charge of postage results from any irregularity or omission on the part of the sender, his faults should be represented to the proper authority.

Paragraph 21 as now modified.

(21.) Government Officers are bound to receive and pay any postage which may be due on covers addressed to them under the superscription "On Her Majesty's Service." If the charge of postage results from any irregularity or omission on the part of the sender, his faults should be represented to the proper authority.

Note.—The Rule in paragraph 11 as now modified will apply only to the particular cases specified, and to any other cases in which it may be desirable for the Government to pay the postage. It will rest with Government officials or departments to authorize private individuals corresponding with them to send their communications "service bearing," it being optional with the officials addressed to refuse to take delivery of covers improperly forwarded to them without pre-payment of postage. The postage on a cover so refused will, of course, under ordinary rules, be recoverable by the Post Office from the sender.

BOOK CIRCULAR No. XIV.-1952.

FROM

W. COLDSTREAM, ESQ.,
Offg. Registrar of the Chief Court of the Punjab,

TO

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, the 6th August 1870.

CHIEF COURT OF THE PUNJAB.
Present:
H. S. Cunningham, Esq., J. S. Campbell, Esq., } *Judges.*

IN Book Circular VI. of 1870, the attention of Appellate Courts was directed to the requirement of Section 359 of Act VIII. of 1859, as to the manner in which judgments should be recorded.

The Judges regret to observe that the instructions conveyed in that Circular are in numerous instances disregarded, and that the requirements of the law on this subject are still unfulfilled. In many Courts the custom prevails of an abstract of the case being drawn up by an officer of the Court, and the Appellate Judge merely passing an order on this abstract, in which neither the grounds of appeal nor the general merits of the case are dealt with, and which is wholly unintelligible without reference to the abstract on which it is passed.

This practice, the Court observes, is wholly illegal, and must be discontinued. The judgment must be complete and intelligible in itself, and must contain the various particulars required in Section 359 of the Code.

In no case, when copies of judgments are granted, should copies of any abstracts of the case be allowed to accompany; any such abstract must be kept solely for the convenience of the Appellate Court in which the decree is passed, but should not be necessary to explain the judgment, which should be entirely in the Judge's own handwriting.

By order of the Chief Court,

W. COLDSTREAM,

Officiating Registrar.

BOOK CIRCULAR No. XV.-1957.

FROM

W. COLDSTREAM, ESQ.,

Offg. Registrar of the Chief Court of the Punjab,

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 8th August 1870.

CHIEF COURT OF THE PUNJAB.

Present:

C. R. Lindsay, Esq.,
H. S. Cunningham, Esq., } *Judges.*
J. S. Campbell, Esq.,

THE Judges find that the cases referred to the Chief Court under Section 434 of the Criminal Procedure Code are received in very varying numbers from the different districts and divisions of the province; and that while from some Commissioners and Deputy Commissioners such references are of frequent occurrence, there are other divisions and districts from which, during the whole of the year 1869, not a single case has been submitted. As there is no reason to suppose that Criminal work is performed with more regularity in some divisions than in others, the Judges cannot but infer that some Sessions Courts exercise the powers conferred on them by Section 434 in a more thorough and energetic manner than others; and that in several districts this important provision of the Criminal Procedure Code has been allowed to become a dead letter.

The Judges wish to call the attention of Sessions Judges and Magistrates of Districts to the necessity of frequently examining the files of cases decided by their subordinates. The punishments should always be carefully checked, and the points of jurisdiction and procedure well scrutinized.

By order of the Chief Court,

W. COLDSTREAM,

Officiating Registrar.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name,* if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation,* if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

To the Maharajahs, Rajahs, Chiefs, and Gentry of the Punjab.

I do not know how to express in adequate language the gratification which I have derived from the perusal of your letter.

After a service in the Punjab extending throughout nearly the entire period during which it had been under British rule, I carried with me no stronger desire than that I might be kindly remembered in after years by the chiefs and people of the country with which I had so long been associated, and of whose services and loyalty to the Government I had felt so proud.

This cherished object you have accomplished for me in the most generous and enlightened spirit by the erection of a public hall at Lahore, which you have called after my name and have designed for public purposes, and for the perpetuation of my memory among yourselves and your successors.

I thank you, collectively and individually, for this noble token of your esteem and regard. It is, I feel, one of the privileges of Indian service that all men, who to the best of their ability labor honestly and lovingly for the good of the people among whom their lot has been cast, are sure, when their work is done, to be rewarded by a generous recognition of their efforts. You have

rewarded me beyond all that I had hoped, and, I fear, beyond all that I have deserved.

In the new position in which by the favor of Her Gracious Majesty I have been placed, I feel that, although at a distance, I am still associated with you. The old official ties are not yet broken. The affairs of your country are constantly before me, and you will believe me when I say that nothing can ever weaken or impair the interest which I take in your happiness and prosperity, nor my continual desire to promote them.

(Signed) R. MONTGOMERY,
Late Lieut.-Governor of the Punjab.

CHIEF COURT OF THE PUNJAB.

Present :

C. R. Lindsay, Esq., H. S. Cunningham, Esq., J. S. Campbell, Esq., } *Judges.*

No. 1985.—With reference to notification No. 514, dated 25th February 1870, published in *Punjab Gazette* of the 7th January 1869, at page 12, it is hereby notified that though the Chief Court will be closed for Civil business from the 15th August to the 15th October 1870; throughout that period, Sundays and holidays excepted, petitions of appeal and miscellaneous petitions will be received daily at the Court House at Lahore from such persons as choose to present them, and dates will be fixed for hearing after the vacation all petitions of appeal and such miscellaneous petitions as cannot be disposed of at once.

By order of the Chief Court,

W. COLDSTREAM,

Offg. Registrar.

BOOK CIRCULAR No. X.-1366.

FROM W. COLDSTREAM, ESQ.,

Offg. Registrar of the Chief Court of the Punjab,

To ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, the 6th June 1870.

CHIEF COURT OF THE PUNJAB.

Present :

C. R. Lindsay, Esq., H. S. Cunningham, Esq., J. S. Campbell, Esq., } *Judges.*

THE Judges of the Chief Court are pleased to issue the following instructions with reference to cases of execution of decrees :—

I.—There is reason to believe that it is not at all an uncommon practice to make over the files of cases of execution of decrees of the Courts at the head-quarter station of the district to one officer for disposal. This procedure is irregular, the law evidently contemplating that a decree shall be executed by the Court which passed it, except in the special case of execution beyond the local jurisdiction of such Court. It is, moreover, on general grounds desirable that a decree should be executed by that Court which best understands and is responsible for its terms.

It is accordingly directed that the practice alluded to be discontinued, and that each Court attend to the execution of its own decrees.

II.—The Judges have had occasion to animadvert on the careless way in which orders are frequently passed in cases of execution of decree,—such orders are often of importance and should be carefully and distinctly put on record. The Court accordingly directs that all orders passed by Civil Courts in execution of decrees, shall, where there is any contested point involved, be recorded in the handwriting of the officer who passes the order.

By order of the Chief Court,

W. COLDSTREAM,

Officiating Registrar.

W. J. Bramly, Esq., by his proxy, the Secretary for the Managers.

Mr. Harrison also held proxies from 59 other subscribers, but these being unstamped, were not admitted.

The Hon'ble Sir C. P. Hobhouse, Bart., *in the Chair.*

Read the following report submitted by the Managers :—

"The Managers submit their proceedings for the past half-year for the consideration and sanction of the meeting.

"Subject to the approval of subscribers they have admitted to the benefits of the Fund under the new rules the following families :—

Mrs. Roberts	... £300	"The widow and five children of the late Mr. William Roberts, who died in France on the 27th January last.
Five children	... £480	
	£780	
Mrs. Cartwright	... £300	"The widow of the late Mr. C. R. Cartwright (an annuitant of 1850), who died in England on the 13th of February last.

"The Managers received in March last the report of the Actuary (Mr. Brown) on the valuations of the assets and liabilities of the Fund for the quinquennial year 1867-68. Printed copies of this report have been circulated among the subscribers. The Actuary, while generally confirming the Managers' estimate of the improved position of the Fund, is of opinion that the increased benefits suggested to the meeting of January 1869 are too costly to be at present brought into operation. The question, indeed, of there being a surplus available for any extension of benefits, depends, as Mr. Brown shows, upon the excess funds under the ordinary branch of the Fund being convertible to meet deficiencies in the Additional Branch. The Managers have no doubt that they are so available ; but they are fully impressed with the necessity for extreme caution in dealing with a Fund constituted as the Civil Fund is, and they concur with the Actuary in recommending that for the present the extension of benefits be confined to the proposals embodied in the amendments of Articles V., VIII., and XXX. of the Rules which have been duly advertised as follows :—

"The Managers will propose an amendment in Articles V. and VIII. of the rules with a view to allow annuitants and retired subscribers to compound for future subscriptions at half values, it being optional to a retired subscriber in lieu of compounding to continue to pay subscriptions at half rates."

"The Managers will also propose the following addition to Article XXX. of the rules :—

"Provided also that the Managers of the Fund may continue the whole or any part of his pension to any son of a deceased subscriber who, on his attaining the age of 21 years, may be proved to their satisfaction to be wholly incapacitated from gaining his livelihood, such incapacity being produced by causes beyond his control, and being duly certified from time to time in such way as to the Managers may seem sufficient."

"The Managers will likewise ask the sanction of the general meeting to their refunding to all annuitants and retired subscribers who have already compounded one-half of the amount which they would have to pay if they compounded now for their existing liabilities."

"A minute upon the Actuary's report has been forwarded by Mr. Monteath, in which, after correcting certain errors, clerical and other, in Mr. Brown's paper, and discussing the mode of adjusting assets and liabilities, he impresses on the Managers the necessity of proceeding with great caution in any extension of benefits, and suggests that before dealing with any surplus, five per cent. should be added to our liabilities by way of margin. He then, in lieu of the proposal that the subscription of retired members should be reduced to half rates for existing liabilities, suggests that the additional subscription of annuitants should be reduced by nine-tenths,—the ordinary subscription on which the Fund draws 8 per cent. interest remaining the same.

"The Managers, after carefully considering Mr. Monteath's proposals, are not prepared to support them. They are of opinion that when every possible liability, incumbent, contingent, and future contingent, has been taken at full value, to add any such margin as 5 per cent., or indeed any margin at all, to the estimate, is unnecessary. Apart from this, however, they have valued the assets and liabilities of the Fund as they stood at the close of 1869-70, and the result is such as they think fully warrants their adhering to the proposals already advertised. Mr. Monteath's suggestion to lessen additional and not ordinary subscription they must certainly reject. The class which in their opinion has most claim to relief, is that of bachelor annuitants who have paid throughout their service for benefits that have been always to them merely contingent in the future. This class Mr. Monteath would shut out from all share in the surplus which they have helped to make.

"The Managers have received a memorial from Mrs. Boldero, an incumbent under the new rules, praying that the pensions of herself and others of her class may be increased by £100 in consideration of the improved condition of the Fund. There is certainly no ground whatever for complying with such a prayer. Mr. Boldero retired from the service in 1852, and died in 1858, and although the individual payments of Mr. Boldero to the Fund may have been considerable, there is no doubt that it was owing to the inadequate payments of the subscribers generally before 1850 that the present generation has been paying for twenty years the existing high rates of subscription, which have brought about the improved state of things we now see. Certainly the amount of Mrs. Boldero's husband's subscriptions is no ground for increasing the pensions of other incumbents. Nor is it possible to make an exception in favor of Mrs. Boldero herself. That lady, however, insists on laying her claim before the Service.

1. Moved by Mr. Peacock and seconded by Mr. Verner: "That the proceedings of the Managers in admitting to Fund benefits the families of the late Messrs. Roberts and Cartwright be confirmed."

Carried.

2. Moved by Mr. Schalch and seconded by Mr. Peacock: "That the Managers' proposal to allow annuitants and retired subscribers to compound for future subscriptions at half rates, or to continue to pay subscriptions at half rates, be approved: and that Articles V. (4) and VIII. of the rules be amended accordingly,—that is to say, that to Article V. (4) be added the words—

"The subscriptions of annuitants or retired subscribers shall be regulated in the manner provided in Article VIII. below," and that Article VIII. be altered and stand as follows:—

First.—Subscribers, who may hereafter retire from the service on annuities, wishing to secure to their widows and children the full benefits of the Fund, must, on retirement, make up the amount of their subscriptions with interest to Rs. 25,000, and must also continue their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, and under the same conditions in regard to minimum payments and liability to increase or decrease of rates; an option being allowed to each subscriber of paying up once for all, either at the time of resigning the service or at any subsequent period, the half value of his contributions according to the tables of mortality which, on the advice of an Actuary, may be adopted by the Managers. This commutation will be calculated at 5 per cent. in the following manner, the total being reduced thereafter by one-half:—Ordinary subscriptions on the life of the subscriber alone, additional subscriptions on the joint lives of husband and wife, and extra contributions for children on the joint lives of father and child. But such settlement will be open to re-adjustment if the necessities of the Fund should be found to require an enhanced rate of subscription, and every retired subscriber will also be liable to pay in the same manner for each child afterwards born, and, in case of subsequent marriage, the additional premium as a married subscriber.

Second.—But subscribers hereafter so retiring from the service may, at their option, by making up the amount of their subscriptions with interest either to Rs. 12,500, or to Rs. 6,250, and by continuing, or compounding for, their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, secure to their families on the same conditions as above, in the former case one-half, and in the latter one-quarter, of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up on retirement the full amount of Rs. 25,000.

Carried.

3. Mr. E. F. Harrison moved and Mr. Sandeman seconded the following resolution—That to Article VIII., as amended by the foregoing resolution, be added these words: "Provided that in the case of a subscriber marrying after retirement, his contributions or commutation payment in lieu thereof shall, for his wife and for his children, the issue of such marriage, be taken at full rates." Some discussion ensued, and on the question being put, there appeared 28 votes, including proxies, for the resolution and one against,—one member present (Mr. Broadley) abstaining from voting. The resolution was therefore carried.

4. Moved by Mr. Sandeman and seconded by Mr. Broadley: "That the Managers' proposal to refund to all annuitants and retired subscribers, who have already compounded one-half of the amount they would have to pay if they compounded now for their existing liabilities, be sanctioned."

Carried.

5. After discussion, it was agreed that the foregoing emendations of the rules should take effect from the date of the confirmation thereof by the service.

6. Moved by the Hon'ble Mr. Eden and seconded by Mr. Verner: That to Article XXX. of the rules be added the words: "Provided also that the Managers may continue the whole or any part of his pension to any son of a deceased subscriber, who, at any time subsequent to the 31st March 1868, may have attained, or may attain to, the age of 21 years, and who may be proved to their satisfaction to be wholly incapacitated from gaining his livelihood,—such incapacity being produced by causes beyond his control, and being duly certified from time to time in such way as to the Managers may seem sufficient."

Carried.

7. In reply to a question put, it was stated and agreed that the Managers' proceedings in such cases, as in all Fund matters, would be subject to confirmation by a General Meeting.

8. Moved by Mr. Schalch and seconded by Mr. Peacock: "That Mrs. Boldero be informed that the subscribers are unable to comply with the prayer of her memorial."

A vote of thanks was passed to the Chairman.

C. P. HOBHOUSE,
Chairman.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee ;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office ; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office ; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

Simla, the 10th August 1870.

No. 4.—The following Statute affects British India, and is hereby published for general information :—

33 VICTORIA, CAP. 14.

An Act to amend the Law relating to the legal condition of Aliens and British Subjects.

[12th May 1870.]

WHEREAS it is expedient to amend the law relating to the legal condition of aliens and British subjects :

Be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Short title.

1. This Act may be cited for all purposes as "The Naturalization Act, 1870.

Status of Aliens in the United Kingdom.

Capacity of an alien as to property.

2. Real and personal property of every description may be taken, acquired, held, and disposed of by an alien in the same manner in all respects as by a natural-born British subject; and a title to real and personal property of every description may be derived through, from, or in succession to an alien, in the same manner in all respects as through, from, or in succession to a natural-born British subject: Provided—

(1) that this section shall not confer any right on an alien to hold real property situate out of the United Kingdom, and shall not qualify an alien for any office or for any municipal, parliamentary, or other franchise :

(2) that this section shall not entitle an alien to any right or privilege as a British subject, except such rights and privileges in respect of property as are hereby expressly given to him :

(3) that this section shall not affect any estate or interest in real or personal property to which any person has or may become entitled, either mediately or immediately, in possession or expectancy, in pursuance of any disposition made before the passing of this Act, or in pursuance of any devolution by law on the death of any person dying before the passing of this Act.

Power of naturalized aliens to divest themselves of their status in certain cases.

3. Where Her Majesty has entered into a convention with any foreign State to the effect that the subjects or citizens of that State who have been naturalized as British subjects may divest themselves of their status as such subjects, it shall be lawful for Her Majesty, by Order in Council, to declare that such convention has been entered into by Her Majesty; and from and after the date of such Order in Council any person being originally a subject or citizen

of the State referred to in such Order, who has been naturalized as a British subject, may, within such limit of time as may be provided in the convention, make a declaration of alienage, and from and after the date of his so making such declaration such person shall be regarded as an alien, and as a subject of the State to which he originally belonged, as aforesaid.

A declaration of alienage may be made as follows,—that is to say, if the declarant be in the United Kingdom, in the presence of any justice of the peace; if elsewhere in Her Majesty's dominions, in the presence of any judge of any court of civil or criminal jurisdiction, of any justice of the peace, or of any other officer for the time being authorized by law in the place in which the declarant is to administer an oath for any judicial or other legal purpose; if out of Her Majesty's dominions, in the presence of any officer in the diplomatic or consular service of Her Majesty.

How British-born subject may cease to be such.

4. Any person who by reason of his having been born within the dominions of Her Majesty is a natural-born subject, but who also at the time of his birth became under the law of any foreign State a subject of such State, and is still such subject, may, if of full age and not under any disability, make a declaration of alienage in manner aforesaid, and from and after the making of such declaration of alienage such person shall cease to be a British subject. Any person who is born out of Her Majesty's dominions of a father being a British subject may, if of full age and not under any disability, make a declaration of alienage in manner aforesaid, and from and after the making of such declaration shall cease to be a British subject.

Alien not entitled to jury *de medietate linguæ*.

5. From and after the passing of this Act an alien shall not be entitled to be tried by a jury *de medietate linguæ*, but shall be triable in the same manner as if he were a natural-born subject.

Capacity of British subject to renounce allegiance to Her Majesty.

6. Any British subject who has at any time before, or may at any time after the passing of this Act, when in any foreign State and not under any disability, voluntarily become naturalized in such State, shall, from and after the time of his so having become naturalized in such foreign State, be deemed to have ceased to be a British subject, and be regarded as an alien: Provided—

(1) that where any British subject has before the passing of this Act voluntarily become naturalized in a foreign State, and yet is desirous of remaining a British subject, he may, at any time within two years after the passing of this Act, make a declaration that he is desirous of remaining a British subject, and upon such declaration hereinafter referred to as a declaration of British nationality being made, and upon his taking the oath of allegiance, the declarant shall be deemed to be, and to have been continually, a British subject—with this qualification, that he shall not, when within the limits of the foreign State in which he has been naturalized, be deemed to be a British subject, unless he has ceased to be a subject of that State in pursuance of the laws thereof, or in pursuance of a treaty to that effect:

(2) A declaration of British nationality may be made, and the oath of allegiance be taken as follows—that is to say, if the declarant be in the United Kingdom, in the presence of a justice of the peace; if elsewhere in Her Majesty's dominions, in the presence of any judge of any court of civil or criminal jurisdiction, of any justice of the peace, or of any other officer for the time being authorized by law in the place in which the declarant is to administer an oath for any judicial or other legal purpose; if out of Her Majesty's dominions, in the presence of any officer in the diplomatic or consular service of Her Majesty.

Naturalization and resumption of British Nationality.

Certificate of naturalization.

7. An alien who, within such limited time before making the application hereinafter mentioned as may be allowed by one of Her Majesty's Principal Secretaries of State, either by general order or on any special occasion, has resided in the United Kingdom for a term of not less than five years, or has been in the service of the Crown for a term of not less than five years, and intends, when naturalized, either to reside in the United Kingdom or to serve under the Crown, may apply to one of Her Majesty's Principal Secretaries of State for a certificate of naturalization.

The applicant shall adduce in support of his application such evidence of his residence or service, and intention to reside or serve, as such Secretary of State may require. The said Secretary of State, if satisfied with the evidence adduced, shall take the case of the applicant into consideration, and may, with or without assigning any reason, give or withhold a certificate, as he thinks most conducive to the public good, and no appeal shall lie from his decision; but such certificate shall not take effect until the applicant has taken the oath of allegiance.

An alien to whom a certificate of naturalization is granted, shall in the United Kingdom be entitled to all political and other rights, powers, and privileges, and be subject to all obligations to which a natural-born British subject is entitled or subject in the United Kingdom, with this qualification, that he shall not, when within the limits of the foreign State of which he was a subject previously to obtaining his certificate of naturalization, be deemed to be a British subject

unless he has ceased to be a subject of that State in pursuance of the laws thereof, or in pursuance of a treaty to that effect.

The said Secretary of State may, in manner aforesaid, grant a special certificate of naturalization to any person with respect to whose nationality as a British subject a doubt exists, and he may specify in such certificate that the grant thereof is made for the purpose of quieting doubts as to the right of such person to be a British subject; and the grant of such special certificate shall not be deemed to be any admission that the person to whom it was granted was not previously a British subject.

An alien who has been naturalized previously to the passing of this Act may apply to the Secretary of State for a certificate of naturalization under this Act; and it shall be lawful for the said Secretary of State to grant such certificate to such naturalized alien upon the same terms, and subject to the same conditions, in and upon which such certificate might have been granted if such alien had not been previously naturalized in the United Kingdom.

Certificate of re-admission to British nationality.

8. A natural-born British subject who has become an alien in pursuance of this Act, and is in this Act referred to as a statutory alien, may, on performing the same conditions and adducing the same evidence as is required in the case of an alien applying for a certificate of nationality, apply to one of Her Majesty's Principal Secretaries of State for a certificate hereinafter referred to as a certificate of re-admission to British nationality, re-admitting him to the status of a British subject. The said Secretary of State shall have the same discretion as to the giving or witholding of the certificate as in the case of a certificate of naturalization, and an oath of allegiance shall in like manner be required previously to the issuing of the certificate.

A statutory alien to whom a certificate of re-admission to British nationality has been granted shall, from the date of the certificate of re-admission, but not in respect of any previous transaction, resume his position as a British subject; with this qualification, that within the limits of the foreign State of which he became a subject, he shall not be deemed to be a British subject unless he has ceased to be a subject of that foreign State according to the laws thereof, or in pursuance of a treaty to that effect.

The jurisdiction by this Act conferred on the Secretary of State in the United Kingdom in respect of the grant of a certificate of re-admission to British nationality, in the case of any statutory alien being in any British possession, may be exercised by the Governor of such possession; and residence in such possession shall, in the case of such person, be deemed equivalent to residence in the United Kingdom.

Form of oath of allegiance.

9. The oath in this Act referred to as the oath of allegiance shall be in the form following,—that is to say—

"I do swear that I will be faithful and bear true allegiance to Her Majesty Queen Victoria, her heirs and successors, according to law. So help me GOD."

HIS EXCELLENCY the Viceroy and Governor-General of India in Council is pleased to notify and publish, for general information and guidance, the following Proclamation of Her Majesty the Queen, dated 19th July 1870, regarding the observance of the duties of neutrality during the existing state of war between

His Imperial Majesty the Emperor of the French and His Majesty the King of Prussia:—

BY THE QUEEN.

A PROCLAMATION.

VICTORIA R.

WHEREAS we are happily at peace with all Sovereigns, Powers, and States:

And whereas, notwithstanding Our utmost Exertions to preserve Peace between all Sovereign Powers and States, a state of War unhappily exists between His Imperial Majesty the Emperor of the *French* and His Majesty the King of *Prussia*, and between their respective Subjects and others inhabiting within their Countries, Territories, or Dominions:

And whereas We are on Terms of Friendship and amicable Intercourse with each of these Sovereigns, and with their several Subjects and others inhabiting within their Countries, Territories, or Dominions :

And whereas great Numbers of Our loyal Subjects reside and carry on Commerce, and possess Property and Establishments, and enjoy various Rights and Privileges, within the Dominions of each of the aforesaid Sovereigns, protected by the Faith of Treaties between Us and each of the aforesaid Sovereigns :

And whereas We, being desirous of preserving to Our Subjects the Blessings of Peace, which they now happily enjoy, are firmly purposed and determined to abstain altogether from taking any part, directly or indirectly, in the War now unhappily existing between the said Sovereigns, their Subjects and Territories, and to remain at Peace with and to maintain a peaceful and friendly Intercourse with each of them, and their respective Subjects, and others inhabiting within any of their respective Countries, Territories, and Dominions, and to maintain a strict and impartial Neutrality in the said State of War unhappily existing between them :

We, therefore, have thought fit, by and with the Advice of Our Privy Council, to issue this Our Royal Proclamation :

And We do hereby strictly charge and command all Our loving Subjects to govern themselves accordingly, and to observe a strict Neutrality in and during the aforesaid War, and to abstain from violating or contravening either the Laws and Statutes of the Realm in this Behalf, or the Law of Nations in relation thereto, as they will answer to the contrary at their Peril :

And whereas in and by a certain Statute made and passed in the fifty-ninth Year of His Majesty King *George* the Third, intituled " An Act to prevent the " Enlisting or Engagement of His Majesty's Subjects to Serve in a Foreign " Service, and the fitting out or equipping, in His Majesty's Dominions, Vessels " for Warlike Purposes, without His Majesty's License," it is amongst other Things declared and enacted as follows :—

ject to His Majesty, issue or deliver any Commission for any Ship or Vessel, to the Intent that such Ship or Vessel shall be employed as aforesaid, every such Person so offending shall be deemed guilty of a Misdemeanor, and shall, upon Conviction thereof upon any Information or Indictment, be punished by Fine and Imprisonment, or either of them, at the Discretion of the Court in which such Offender shall be convicted; and every such Ship or Vessel, with the Tackle, Apparel and Furniture, together with all the Materials, Arms, Ammunition and Stores which may belohg to, or be on board of, any such Ship or Vessel, shall be forfeited; and it shall be lawful for any Officer of His Majesty's Customs or Excise, or any Officer of His Majesty's Navy, who is by Law empowered to make Seizures for any Forfeiture incurred under any of the Laws of Customs or Excise, or the Laws of Trade and Navigation, to seize such Ships and Vessels aforesaid, and in such Places and in such Manner in which the Officers of His Majesty's Customs or Excise and the Officers of His Majesty's Navy are empowered respectively to make Seizures under the Laws of Customs and Excise, or under the Laws of Trade and Navigation; and that every such Ship and Vessel, with the Tackle, Apparel and Furniture, together with all the Materials, Arms, Ammunition, and Stores which may belong to, or be on board of, such Ship or Vessel, may be prosecuted and condemned in the like Manner and in such Courts as Ships or Vessels may be prosecuted and condemned for any Breach of the Laws made for the Protection of the Revenues of Customs and Excise or of the Laws of Trade and Navigation."

And it is in and by the said Act further enacted,—

"That if any Person in any Part of the United Kingdom of *Great Britain* and *Ireland*, or in any Part of His Majesty's Dominions beyond the Seas, without the Leave and License of His Majesty for that purpose first had and obtained as aforesaid, shall, by adding to the Number of the Guns of such Vessel, or changing those on board for other Guns, or by the Addition of any Equipment for War, increase or augment, or procure to be increased or augmented, or shall be knowingly concerned in increasing or augmenting, the warlike Force of any Ship or Vessel of War, or Cruizer, or other armed Vessel which at the Time of her Arrival in any Part of the United Kingdom or any of His Majesty's Dominions was a Ship of War, Cruizer, or armed Vessel in the Service of any Foreign Prince, State, or Potentate, or of any Person or Persons exercising or assuming to exercise any Powers of Government in or over any Colony, Province, or Part of any Province or People belonging to the Subjects of any such Prince, State, or Potentate, or to the Inhabitants of any Colony, Province, or Part of any Province or Country under the Control of any Person or Persons so exercising or assuming to exercise the Powers of Government, every such Person so offending shall be deemed guilty of a Misdemeanor, and shall, upon being convicted thereof upon any Information or Indictment, be punished by Fine and Imprisonment, or either of them, at the Discretion of the Court before which such Offender shall be convicted."

Now, in order that none of Our Subjects may unwarily render themselves liable to the Penalties imposed by the said Statute, We do hereby strictly command, that no Person or Persons whatsoever do commit any Act, Matter, or Thing whatsoever contrary to the Provisions of the said Statute, upon Pain of the several Penalties by the said Statute imposed, and of Our high Displeasure.

And We do hereby further warn and admonish all Our loving Subjects, and all Persons whatsoever entitled to Our Protection, to observe towards each of the aforesaid Sovereigns, their Subjects and Territories, and towards all Belligerents whatsoever, with whom we are at Peace, the Duties of Neutrality; and to respect, in all and each of them, the Exercise of those Belligerent Rights which We and Our Royal Predecessors have always claimed to exercise.

And We do hereby further warn all Our loving Subjects, and all Persons whatsoever entitled to Our Protection, that if any of them shall presume, in contempt of this our Royal Proclamation, and of Our high Displeasure, to do any Acts in derogation of their Duty as Subjects of a Neutral Sovereign in a War between other Sovereigns, or in violation or contravention of the Law of Nations in that Behalf, as more especially by breaking, or endeavouring to break, any Blockade lawfully and

actually established by, or on behalf of, either of the said Sovereigns, by carrying Officers, Soldiers, Despatches, Arms, Ammunition, Military Stores, or Materials, or any Article or Articles considered and deemed to be contraband of War according to the law or modern usages of Nations, for the Use or Service of either of the said Sovereigns, that all Persons so offending, together with their Ships and Goods, will rightfully incur and be justly liable to hostile Capture, and to the Penalties denounced by the Law of Nations in that Behalf.

And We do hereby give Notice that all our Subjects and Persons entitled to Our Protection, who may misconduct themselves in the Premises, will do so at their Peril, and of their own Wrong; and that they will in nowise obtain any Protection from Us against such Capture, or such Penalties as aforesaid, but will, on the contrary, incur Our high Displeasure by such Misconduct.

Given at Our Court at *Osborne House, Isle of Wight*, this Nineteenth Day of *July*, in the Year of our Lord One thousand eight hundred and seventy, and in the Thirty-fourth Year of Our Reign.

GOD SAVE THE QUEEN.

HIS Excellency the Viceroy and Governor-General of India in Council is further pleased to notify and publish, for general information and guidance, the following despatch dated 19th July 1870, addressed by Her Majesty's Secretary of State for Foreign Affairs to His Grace the Duke Argyll, K.T., Her Majesty's Secretary of State for India :—

FOREIGN OFFICE;

London, the 19th July 1870.

" *To His Grace the* DUKE OF ARGYLL, K.T., *Her Majesty's Secretary of State for India.*

" MY LORD DUKE,—Her Majesty being fully determined to observe the duties of neutrality during the existing state of war between the Emperor of the French and the King of Prussia, and being moreover resolved to prevent, as far as possible, the use of Her Majesty's Harbours, Ports and Coasts, and the waters within Her Majesty's territorial jurisdiction, in aid of the warlike purposes of either belligerent, has commanded me to communicate to your Grace for your guidance the following rules, which are to be treated and enforced as Her Majesty's Orders and Directions.

" Her Majesty is pleased further to command that these rules shall be put in force in the United Kingdom and in the Channel Islands on and after the 19th day of July 1870, and in Her Majesty's territories and possessions beyond the seas six days after the day when the Governor or other chief authority of each of such territories or possessions, respectively, shall have notified and published the same, stating in such Notification that the said rules are to be obeyed by all persons within the same territories and possessions:

"1. During the continuation of the present state of war, all ships of war of either belligerent are prohibited from making use of any port or roadstead in the United Kingdom of Great Britian and Ireland, or in the Channel Islands, and in any of Her Majesty's Colonies or foreign Possessions or Dependencies, or of any water subject to the territorial jurisdiction of the British Crown, as a station or place of resort for any warlike purpose, or for the purpose of obtaining any facilities of warlike equipment; and no ship of war of either belligerent shall be permitted hereafter to sail out of, or leave, any port, roadstead or waters subject to British jurisdiction, from which any vessel of the other belligerent (whether the same shall be a ship of war or a merchant ship) shall have previously departed, until after the expiration of at least twenty-four hours from the departure of such last-mentioned vessel beyond the territorial jurisdiction of Her Majesty.

"2. If any ship of war of either belligerent shall, after the time when this Order shall be first notified and put in force in the United Kingdom and the Channel Islands, and in the several Colonies and foreign Possessions and Dependencies of Her Majesty's, respectively, enter in any port, roadstead or waters

or in any of Her Majesty's Colonies or foreign Possessions or Dependencies, such vessel shall be required to depart and put to Sea within twenty-four hours after her entrance into such port, roadstead or waters, except in case of stress of weather, or of her requiring provisions, or things necessary for the subsistence of her crew, or repairs ; in either of which cases the authorities of the port, or of the nearest port (as the case may be), shall require her to put to Sea as soon as possible, after the expiration of such period of twenty-four hours, without permitting her to take in supplies beyond what may be necessary for her immediate use ; and no such vessel, which may have been allowed to remain within British waters for the purpose of repairs, shall continue in any such port, roadstead or water for a longer period than twenty-four hours after her necessary repairs shall have been completed : Provided, nevertheless, that in all cases in which there shall be any vessel (whether ships of war or merchant ships) of the said belligerent parties in the same port, roadstead or waters, within the territorial jurisdiction of Her Majesty, there shall be an interval of twenty-four hours between the departure therefrom of any such vessel (whether a ship of war or a merchant ship) of the one belligerent, and the subsequent departure therefrom of any ship of war of the other belligerent ; and the time hereby limited for the departure of such ships of war, respectively, shall always, in case of necessity, be extended so far as may be requisite for giving effect to this proviso, but no further or otherwise.

"3. No ship of war of either belligerent shall hereafter be permitted, while in any port, roadstead, or waters subject to the territorial jurisdiction of Her Majesty, to take in any supplies, except provisions and such other things that may be requisite for the subsistence of her crew, and except so much coal only as may be sufficient to carry such vessel to the nearest port of her own country, or to some nearer destination; and no coal shall again be supplied to any such ship of war in the same, or any other port, roadstead, or waters subject to the territorial jurisdiction of Her Majesty, without special permission, until after the expiration of three months from the time when such coal may have been last supplied to her within British waters as aforesaid.

"4. Armed ships of either party are interdicted from carrying prizes made by them into the ports, harbours, roadsteads or waters of the United Kingdom or any of Her Majesty's Colonies or Possessions abroad.

"I have, &c.,

"(Signed) GRANVILLE."

His Excellency the Viceroy and Governor-General of India in Council is further pleased to direct that the orders and directions of Her Majesty the Queen, as contained in the aforesaid Proclamation and Despatch, are to be obeyed by all persons within the limits of British India.

By Order of His Excellency the Viceroy and Governor-General of India in Council,

Postal Notices.

Simla, the 12th May, 1870.

In order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

33 VICTORIA, CAP. 14.

An Act to amend the Law relating to the legal condition of Aliens and British Subjects.

[12th May 1870.]

WHEREAS it is expedient to amend the law relating to the legal condition of aliens and British subjects :

Be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

(1) that this section shall not confer any right on an alien to hold real property situate out of the United Kingdom, and shall not qualify an alien for any office or for any municipal, parliamentary, or other franchise :

(2) that this section shall not entitle an alien to any right or privilege as a British subject, except such rights and privileges in respect of property as are hereby expressly given to him :

(3) that this section shall not affect any estate or interest in real or personal property to which any person has or may become entitled, either mediately or immediately, in possession or expectancy, in pursuance of any disposition made before the passing of this Act, or in pursuance of any devolution by law on the death of any person dying before the passing of this Act.

A declaration of alienage may be made as follows,—that is to say, if the declarant be in the United Kingdom, in the presence of any justice of the peace; if elsewhere in Her Majesty's dominions, in the presence of any judge of any court of civil or criminal jurisdiction, of any justice of the peace, or of any other officer for the time being authorized by law in the place in which the declarant is to administer an oath for any judicial or other legal purpose; if out of Her Majesty's dominions, in the presence of any officer in the diplomatic or consular service of Her Majesty.

5. From and after the passing of this Act an alien shall not be entitled to be tried by a jury *de medietate linguæ*, but shall be triable in the same manner as if he were a natural-born subject.

6. Any British subject who has at any time before, or may at any time after the passing of this Act, when in any foreign State and not under any disability, voluntarily become naturalized in such State, shall, from and after the time of his so having become naturalized in such foreign State, be deemed to have ceased to be a British subject, and be regarded as an alien: Provided—

(1) that where any British subject has before the passing of this Act voluntarily become naturalized in a foreign State, and yet is desirous of remaining a British subject, he may, at any time within two years after the passing of this Act, make a declaration that he is desirous of remaining a British subject, and upon such declaration hereinafter referred to as a declaration of British nationality being made, and upon his taking the oath of allegiance, the declarant shall be deemed to be, and to have been continually, a British subject—with this qualification, that he shall not, when within the limits of the foreign State in which he has been naturalized, be deemed to be a British subject, unless he has ceased to be a subject of that State in pursuance of the laws thereof, or in pursuance of a treaty to that effect:

(2) A declaration of British nationality may be made, and the oath of allegiance be taken as follows—that is to say, if the declarant be in the United Kingdom, in the presence of a justice of the peace; if elsewhere in Her Majesty's dominions, in the presence of any judge of any court of civil or criminal jurisdiction, of any justice of the peace, or of any other officer for the time being authorized by law in the place in which the declarant is to administer an oath for any judicial or other legal purpose; if out of Her Majesty's dominions, in the presence of any officer in the diplomatic or consular service of Her Majesty.

Naturalization and resumption of British Nationality.

Certificate of naturalization.

7. An alien who, within such limited time before making the application hereinafter mentioned as may be allowed by one of Her Majesty's Principal Secretaries of State, either by general order or on any special occasion, has resided in the United Kingdom for a term of not less than five years, or has been in the service of the Crown for a term of not less than five years, and intends, when naturalized, either to reside in the United Kingdom or to serve under the Crown, may apply to one of Her Majesty's Principal Secretaries of State for a certificate of naturalization.

The applicant shall adduce in support of his application such evidence of his residence or service, and intention to reside or serve, as such Secretary of State may require. The said Secretary of State, if satisfied with the evidence adduced, shall take the case of the applicant into consideration, and may, with or without assigning any reason, give or withhold a certificate, as he thinks most conducive to the public good, and no appeal shall lie from his decision; but such certificate shall not take effect until the applicant has taken the oath of allegiance.

An alien to whom a certificate of naturalization is granted, shall in the United Kingdom be entitled to all political and other rights, powers, and privileges, and be subject to all obligations to which a natural-born British subject is entitled or subject in the United Kingdom, with this qualification, that he shall not, when within the limits of the foreign State of which he was a subject previously to obtaining his certificate of naturalization, be deemed to be a British subject,

unless he has ceased to be a subject of that State in pursuance of the laws thereof, or in pursuance of a treaty to that effect.

The said Secretary of State may, in manner aforesaid, grant a special certificate of naturalization to any person with respect to whose nationality as a British subject a doubt exists, and he may specify in such certificate that the grant thereof is made for the purpose of quieting doubts as to the right of such person to be a British subject; and the grant of such special certificate shall not be deemed to be any admission that the person to whom it was granted was not previously a British subject.

An alien who has been naturalized previously to the passing of this Act may apply to the Secretary of State for a certificate of naturalization under this Act; and it shall be lawful for the said Secretary of State to grant such certificate to such naturalized alien upon the same terms, and subject to the same conditions, in and upon which such certificate might have been granted if such alien had not been previously naturalized in the United Kingdom.

Certificate of re-admission to British nationality.

8. A natural-born British subject who has become an alien in pursuance of this Act, and is in this Act referred to as a statutory alien, may, on performing the same conditions and adducing the same evidence as is required in the case of an alien applying for a certificate of nationality, apply to one of Her Majesty's Principal Secretaries of State for a certificate hereinafter referred to as a certificate of re-admission to British nationality, re-admitting him to the status of a British subject. The said Secretary of State shall have the same discretion as to the giving or witholding of the certificate as in the case of a certificate of naturalization, and an oath of allegiance shall in like manner be required previously to the issuing of the certificate.

A statutory alien to whom a certificate of re-admission to British nationality has been granted shall, from the date of the certificate of re-admission, but not in respect of any previous transaction, resume his position as a British subject; with this qualification, that within the limits of the foreign State of which he became a subject, he shall not be deemed to be a British subject unless he has ceased to be a subject of that foreign State according to the laws thereof, or in pursuance of a treaty to that effect.

The jurisdiction by this Act conferred on the Secretary of State in the United Kingdom in respect of the grant of a certificate of re-admission to British nationality, in the case of any statutory alien being in any British possession, may be exercised by the Governor of such possession; and residence in such possession shall, in the case of such person, be deemed equivalent to residence in the United Kingdom.

Form of oath of allegiance.

Separate Revenue.—(Stamps.)

The 25th August 1870.

No. 2923.—Read the following :—

No. 2152, dated Bombay Castle, the 10th June 1870.

Read letter from the Judge of Surat No. 1059, dated 27th May 1870, as follows :—

"With reference to paragraph 11 of letter No. 1817, dated the 16th March, from the Government of India, Financial Department, embodied in Government Resolution No. 1267, of the 9th ultimo, I have the honor to request the favor of being informed whether it is intended that the register should show the particular article in Schedules I. and II. under which each fee is levied. I can hardly suppose that such details are required; the labor involved in keeping them would be very great, and the advantage derivable would, I apprehend, be but small; but as the wording of the paragraph in question is very ambiguous, I have deemed it necessary to refer the matter, in order to avoid the possibility of a mistake which could not hereafter be repaired."

RESOLUTION.—The District Judges and Judges of Small Cause Courts should be informed that paragraph 11 of Government of India letter No. 1817, of 16th March 1870, appears only to require that the register of process fees should be kept distinct from the register of fees levied under Schedules I. and II. of the Court Fees Act of 1870, and that it will not be necessary that the register of schedule fees should show the particular article under which each fee entered has been taken.

2. Copies of the Judge's letter and this Resolution should be forwarded to the Government of India, the Registrar and Prothonotary of the High Court, the District Judges, Judges of Small Cause Courts, and the Commissioner in Sind, for information ; copies should also be sent to the Revenue Department.

At Sukkur the Superintendent will receive and despatch all goods to their destination, and the Freight Agents at the various stations will receive and ship goods, if required to do so; but the Government of the Punjab will not be responsible for such Agent, or for the safety of the goods entrusted to him after it is once put over the vessel's side. The demand for tonnage fluctuates according to the state of the market and of the tonnage required by shippers: it is therefore to be clearly understood that the undermentioned tables exhibit minimum rates, which will in each case be settled by the Superintendent at Sukkur, or the Freight Agents at the several stations.

The Superintendent, Punjab Government Steam Flotilla, will not be responsible for any loss or damage that may be occasioned to goods by accident to the vessel, fire, or any other cause whatever, not traceable to neglect of those entrusted with the care of said goods, nor after they have once been put over the vessel's side; and shippers must agree to the conditions on the bill of lading.

Goods, the property of Government, will be conveyed free of charge; but shippers must furnish the Commander of the vessel with a certificate stating that the articles are *bonâ fide* the property of the State; and Commanders have been instructed to refuse goods unless accompanied by such a document, which is required to support a *pro formâ* charge in the books of this Department. The Freight Agents must, however, be paid the actual charge incurred in landing or shipping the said goods, &c., when required to do so. The above also applies to officers proceeding on duty at the expense of the State, and to convicts, their guards, and troops, for the passage of whom an embarkation order will be required, signed by the chief Civil or Military Authority of the station.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

In order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

An Act to confirm certain laws affecting European British Subjects.

Preamble.

Whereas the Governors of the Presidencies of Fort St. George and Bombay in Council, and the Lieutenant-Governor of Bengal in Council, have severally passed divers Acts purporting to apply generally to all persons within the local extent of the said Acts; and whereas doubts have been raised as to the validity of such Acts in so far as they affect to render European British subjects liable to be convicted and punished by tribunals other than the High Courts of Judicature at Fort William, Madras, and Bombay; and whereas doubts have also been raised as to the application to European British subjects of certain Acts of the Governor-General in Council: For the purpose of removing such doubts it is hereby enacted as follows :—

NOTIFICATIONS.

Mint and Currency.

The 31*st August* 1870.

No. 3168.—Read again Mint and Currency Proceedings in this Department Nos. 11 and 12 of June 1870.

Read also the following papers :—

From Secretary to Government of Bombay, No. 272, dated 18th February.

From Head Commissioner of Paper Currency, No. 123, dated 16th June.

From Comptroller-General of Accounts, Nos. 546 and 547, dated 30th June.

To Comptroller-General of Accounts, No. 207, dated 18th July.

To Comptroller-General of Accounts, No. 668, dated 23rd July.

RESOLUTION.—The Governor-General in Council has, for some time past, had under considera-

tion the expediency of transferring the management of the Currency Department to the Account Department.

2. For the last few years the Master of the Calcutta Mint has been *ex-officio* Head Commissioner of Paper Currency, and the Mint-Master of Bombay and the Assay-Master of Madras have been, respectively, *ex-officio* Commissioners of Paper Currency in Bombay and Madras.

3. The Governor-General in Council cordially acknowledges the zeal and ability of Colonel Hyde, R.E., the Master of the Calcutta Mint, in the performance of his duties as Head Commissioner of Paper Currency. But Colonel Hyde himself was *one of the first* to urge that the proper duties of a Mint-Master are sufficiently onerous and important to occupy his whole time, and that it is quite impossible for him to give the supervision that is really necessary to the Paper Currency Department. The Governor-General in Council observes that *prolonged experience* has only strengthened Colonel Hyde's opinion that the Master of the Mint ought not to be Head Commissioner of Paper Currency. In this opinion the Government of Bombay, the Comptroller-General of Accounts, and the Master of the Bombay Mint emphatically concur.

4. The officers of the Account Department are accustomed to the management of financial affairs. They conduct, in fact, under the supervision of the Comptroller-General (who is himself in constant and close communication with the Financial Department), the entire detailed financial arrangements of the Empire. The supply and relief of Treasuries, the remittance of funds as required for State purposes, the distribution of the small silver and copper currency are all managed by the local Accountants-General. The District Treasury Officers are, in the Financial Department, immediately responsible to the Accountants-General, and subordinate to them; and an experienced Inspecting Officer is at the disposal of the Comptroller-General and the Financial Department for the personal visitation and superintendence of the local officers of the department.

5. It seems evident that in this specially-trained and widely-distributed body of officers, the Government has an agency well qualified to undertake the management of the Paper Currency, and, indeed, that no other agency at the disposal of Government can so appropriately and conveniently do this duty.

6. The Governor-General in Council is accordingly pleased to resolve that the Comptroller-General of Accounts shall, till further orders, be *ex-officio* Head Commissioner of the Department of Issue of the Government Paper Currency, and that the Accountants-General of Madras and Bombay shall be *ex-officio* Commissioners of the Department of Issue of the Government Paper Currency at Madras and Bombay respectively.

7. The Governor-General in Council approves of the detailed arrangements proposed by the Comptroller-General of Accounts in his No. 668, dated 22nd July, for the management of the Paper Currency Department under his superintendence. The bullion and coin of the department, except what is wanted for current use, should be kept at the Mint, as at present, under the joint keys of the Comptroller-General and the Master of the Mint. A similar arrangement should be adopted at Bombay. The Comptroller-General should report what is the best arrangement to be made for the custody of the coin and bullion at Madras.

ORDER.—Ordered, that a copy of the above Resolution be forwarded, for information and guidance, to the Comptroller-General of Accounts, the Accountants-General, Madras and Bombay, the Mint-Master of Calcutta as late Head Commissioner of the Department of Issue of Government Paper Currency, and the late Commissioners of Paper Currency, Madras and Bombay.

Also that an extract of the above Resolution be published in the *Gazette of India* for general information.

And that a notification be issued appointing the Comptroller-General of Accounts to be *ex-officio* Head Commissioner of the Department of Issue of Government Paper Currency; the Accountant-General, Madras, to be Commissioner of the Department of Issue of Government Paper Currency at Madras; and the Accountant-General, Bombay, to be Commissioner of the Department of Issue of Government Paper Currency at Bombay.

No. 3169.—The Governor-General in Council is pleased to make the following appointments, with effect from the dates of receipt of this Notification in Calcutta, Madras, and Bombay, respectively:—

The Comptroller-General of Accounts for the time being to be Head Commissioner of the Department of Issue of the Government Paper Currency.

The Accountants-General for the time being of the Madras and Bombay Presidencies to be Commissioners of the Department of Issue of the Government Paper Currency at Madras and Bombay, respectively.

Pensions and Gratuities.

No. 3154, dated the 31st August 1870

From—R. H. HOLLINGBERY, ESQ., Asst. Secretary to the Govt. of India, Financial Department

To—The Chief Secy. to the Govt. of Fort St. George

In reply to your No. 314, dated 22nd July 1870, I am directed to state that in supersession of the orders of this department No. 1476, dated 21st July 1866, the Governor-General in Council is pleased to rule that, in the case of the absence of any Uncovenanted Officer on leave without pay under the operation of Financial Resolution No. 542, dated 4th June 1864, during the five years preceding his retirement from the service, credit shall be given in the calculation of the usual average salary for pension of the pay of the appointment held by him during his term of absence,—*i. e.*, his pension shall, as in the case of absentees on reduced pay, be computed upon the pay of the substantive appointments held by him during the last five years of his service.

2. In case an officer may have been for a time without a substantive appointment during the last five years of his service, then the substantive appointment which he held for an equal term last preceding the commencement of the closing five years of his service must be taken into account. For instance, an officer retiring on the 31st December 1870, who held no substantive appointment from the 1st January to the 30th June 1869, will have his pension calculated on the salaries of the substantive appointments held by him from the 1st July 1865 to 31st December 1870,—the six months from 1st January to 30th June 1869 being omitted from the calculation altogether.

3. Suspension should, as regards the computation of average salary for pension, be in all cases treated as equivalent to the loss of substantive appointment, unless the restoring authority expressly declares to the contrary. In the latter case the pension of the suspended officer should be computed as in the case of officers absent on leave.

ORDER.—Ordered, that a copy of the above letter be published in the *Gazette of India.*

Remarks.

The mean volume of the Ganges Canal passing the Roorkee gauge during the month was 2,350 cubic feet.

Volumes discharged were :—

Tail, Etawah Branch...	80	cubic feet per second.
Escapes, „ „ ...	222	„ „
Tail, Cawnpore „ ...	193	„ „
Escapes, „ „ ...	649	„ „
Total ...	1144	cubic feet per second.

The Cawnpore and Etawah Branches have alternate weeks of high and low supply. The gauge-readings give the means of the month.

There was a slight demand on the Ganges Canal for water during the second week ; this demand entirely ceased owing to heavy and general rain about the middle of the month. The main canal was closed twice during the month. The lowering of the supply on both occasions was very gradual. The first closure commenced about noon of the 4th instant, and lasted till noon of the 9th instant. The object of this closure was an inspection of the works below water-line, in anticipation of the annual closure which had been notified in the *Government Gazette* as likely to take place after the 15th instant. This annual closure com-

nced on 24th, at 1 p. m.

Futtehgurh Main Branch was closed all the month : the Jaoli Rajbuha ran for six days in the month.

On the Eastern Jumna Canal the demand was very slight, and only for rice. On the 17th very heavy rain (8·3″ in 4½ hours near Saharunpore) fell all over the upper part of the canal. Considerable damage was e to banks and culverts. The canal supply was shut off on the 18th to allow of the use of the canal as a drainage-channel for the collected water. The floods of the Jumna were exceptionally heavy ; the Jumna gauge Kharra Head stood on the 26th at 11·10′, the highest reading since August 1867. The canal was re-opened on the 25th to meet an increasing demand for rice.

On the Doon Canals the demand for rice was fair during the whole month.

*Average for the past six years. Rain-fall previous to 1864 not given.

MY LORD,—I forward herewith an extract of a letter* from Her Majesty's Civil Service Commissioners, relative to the difficulty which has arisen in determining the ages of candidates for the Civil Service who are Natives of India; and I desire that the suggestion of the Commissioners may be acted on, that each Native candidate shall be required to produce a certificate from the chief authorities of his Presidency that he is within the prescribed limits of age.

* Dated 8th of July 1870.

2. I desire that due notice of this rule shall be given to all the Governments and to the general population in India.

I have the honor to be,
My Lord,
Your Lordship's most obedient, humble Servant,
ARGYLL.

Extract of a letter from the Civil Service Commissioners, to the Under-Secretary of State for India, dated the 8th July 1870.

PARA. 5.—The Commissioners take this opportunity of adverting to the great difficulty which has on several occasions arisen, and will probably arise again, in determining the age of candidates who are natives of India. They think that such questions can rarely be decided in a satisfactory manner except in India itself, and they would suggest, for the consideration of the Secretary of State, whether it might not be desirable to require every Native candidate to produce a certificate from the chief authorities of his Presidency that he was within prescribed limits. If His Grace should approve this suggestion, it would be necessary to add to the Regulations a note to the following effect :—" All candidates born in British India must produce certificates from the Government of India, or of any Presidency in which they may have resided, that they are within the prescribed limits of age."

No. 1615.—His Excellency the Viceroy and Governor-General of India in Council is pleased to publish the following Proclamation by Her Majesty the Queen, dated 9th August 1870, and to direct that the pleasure of Her Majesty, as set forth in the Proclamation, be obeyed by all persons within the limits of British India :—

BY THE QUEEN.

A PROCLAMATION.

VICTORIA R.

Whereas We are happily at Peace with all Sovereigns, Powers, and States :

And whereas, notwithstanding Our utmost Exertions to preserve Peace between all Sovereign Powers and States, a State of War unhappily exists between His Imperial Majesty the Emperor of the *French* and His Majesty the King of *Prussia*, and between their respective Subjects and others inhabiting within their Countries, Territories, or Dominions :

And whereas We are on Terms of Friendship and amicable Intercourse with each of these Sovereigns, and with their several Subjects and others inhabiting within their Countries, Territories, or Dominions :

And whereas great Numbers of Our loyal Subjects reside and carry on Commerce, and possess Property and Establishments, and enjoy various Rights and Privileges, within the Dominions of each of the aforesaid Sovereigns, protected by the Faith of Treaties between Us and each of the aforesaid Sovereigns :

And whereas We, being desirous of preserving to Our Subjects the Blessings of Peace, which they now happily enjoy, are firmly purposed and determined to abstain altogether from taking any Part, directly or indirectly, in the War now unhappily existing between the said Sovereigns, their Subjects and Territories, and to remain at Peace with and to maintain a peaceful and friendly Intercourse with each of them, and their respective Subjects, and others inhabiting within any of their respective Countries, Territories, and Dominions, and to maintain a strict and impartial Neutrality in the said State of War unhappily existing between them :

We, therefore, have thought fit, by and with the Advice of our Privy Council, to issue this Our Royal Proclamation :

And We do hereby strictly charge and command all Our loving Subjects to govern themselves accordingly, and to observe a strict Neutrality in and during the aforesaid War, and to abstain from violating or contravening either the Laws and Statutes of the Realm in this behalf, or the Law of Nations in relation thereto, as they will answer to the contrary at their Peril :

And whereas in and by a certain Statute made and passed in the present Year of Her Majesty, intituled " An Act to regulate the Conduct of Her Majesty's Subjects during the Existence of Hostilities between Foreign States, with which Her Majesty is at Peace," it is, amongst other things, declared and enacted as follows :—

Illegal Enlistment.

" He shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such Punishments, at the Discretion of the Court before which the Offender is convicted ; and Imprisonment, if awarded, may be either with or without Hard Labour.

"He shall be guilty of an Offence against this Act, and shall be punishable by Fine and Imprisonment, or either of such Punishments, at the Discretion of the Court before which the Offender is convicted; and Imprisonment, if awarded, may be either with or without Hard Labour.

"If the Master or Owner of any Ship, without the License of Her Majesty, knowingly either takes on board or engages to take on board, or has on board such Ship within Her Majesty's Dominions any of the following Persons, in this Act referred to as illegally enlisted Persons; that is to say,—

"Provided, that a Person building, causing to be built, or equipping a Ship in any of the cases aforesaid, in pursuance of a Contract made before the Commencement of such War as aforesaid, shall not be liable to any of the Penalties imposed by this Section in respect of such building or equipping if he satisfies the Conditions following; (that is to say),—

"Any Person who aids, abets, counsels, or procures the Commission of any Offence against this Act shall be liable to be tried and punished as a principal Offender."

And whereas by the said Act it is further provided that Ships built, commissioned, equipped, or despatched in contravention of the said Act, may be condemned and forfeited by Judgment of the Court of Admiralty; and that if the Secretary of State or Chief Executive Authority is satisfied that there is a reasonable and probable Cause for believing that a Ship within Her Majesty's Dominions has been, or is being built, commissioned, or equipped, contrary to the said Act, and is about to be taken beyond the Limits of such Dominions, or that a Ship is about to be despatched contrary to the Act, such Secretary of State, or Chief Executive Authority, shall have Power to issue a Warrant authorising the Seizure and Search of such Ship and her Detention until she has been either condemned or released by Process of Law. And whereas certain Powers of Seizure and Detention are conferred by the said Act on certain Local Authorities :-

Now in order that none of Our Subjects may unwarily render themselves liable to the Penalties imposed by the said Statute, We do hereby strictly command that no Person or Persons whatsoever do commit any Act, Matter or Thing whatsoever contrary to the Provisions of the said Statute, upon Pain of the several Penalties by the said Statute imposed, and of Our high Displeasure.

And We do hereby further warn and admonish all Our loving Subjects, and all Persons whatsoever entitled to Our Protection, to observe towards each of the aforesaid Sovereigns, their Subjects, and Territories, and towards all Belligerents whatsoever, with whom we are at Peace, the Duties of Neutrality; and to respect, in all and each of them, the Exercise of those Belligerent Rights which We and Our Royal Predecessors have always claimed to exercise.

And We hereby further warn all Our loving Subjects, and all Persons whatsoever entitled to Our Protection, that if any of them shall presume, in contempt of this Our Royal Proclamation, and of Our high Displeasure, to do any Acts in derogation of their duty as Subjects of a Neutral Sovereign in a War between other Sovereigns, or in violation or contravention of the Law of Nations in that Behalf, as more especially by breaking, or endeavouring to break, any Blockade lawfully and actually established by or on behalf of either of the said Sovereigns, or by carrying Officers, Soldiers, Despatches, Arms, Ammunition, Military Stores or Materials, or any Article or Articles considered and deemed to be Contraband of War according to the Law or modern Usages of Nations, for the Use or Service of either of the said Sovereigns, that all persons so offending, together with their Ships and Goods, will rightfully incur and be justly liable to hostile Capture, and to the Penalties denounced by the Law of Nations in that Behalf.

And We do hereby give Notice that Our Subjects and Persons entitled to Our Protection who may misconduct themselves in the Premises will do so at their Peril, and of their own Wrong; and that they will in nowise obtain any Protection from Us against such Capture, or such Penalties as aforesaid, but will, on the contrary, incur Our high Displeasure by such Misconduct.

Given at Our Court at *Osborne House, Isle of Wight*, this Ninth Day of *August*, in the Year of our Lord One thousand eight hundred and seventy, and in the Thirty-fourth Year of Our Reign.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name,* if the name be on the address, even though the address includes also the official designation of the addressee;

(2) according to the *official designation,* if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a

public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

BOOK CIRCULAR No. XVI.-2345 OF 1870.

FROM W. COLDSTREAM, ESQ.,
Offg. Registrar of the Chief Court of the Punjab,

TO ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 17th September 1870.

CHIEF COURT OF THE PUNJAB.

Present:
C. R. Lindsay, Esq.,
H. S. Cunningham, Esq., } *Judges.*
J. S. Campbell, Esq.,

Several cases having occurred in which the Judges have had to complain of the inadequate and perfunctory manner in which *post-mortem* examinations have been conducted by Medical Officers in cases under legal investigation, the attention of all such officers is hereby invited to the extreme importance attaching to such examinations, and to the necessity of their being as thorough, searching, and complete as possible.

2. Headings for a Medical Report are herewith appended, for distribution among Civil Surgeons and other Medical Officers, not as necessitating a tabular statement in reply to every question, but as indicating the points which a Medical Report ought to clear up, and the amount of information as to collateral circumstances which it ought to afford. Magistrates are reminded that in Judicial Commissioner's Circular No. 2091, of 27th July 1863, they are furnished with an outline of the proper questions to be addressed to medical witnesses in various criminal cases; and they are requested to shape these investigations in such instances according to the lines of inquiry there suggested.

3. Instances have occurred in which, owing to the advanced stage of decomposition in which a corpse has been found, no proper investigation has been attempted, and the distastefulness of the task has been urged as an excuse. Medical Officers are reminded that no such excuse can be accepted, and that, whatever the state of the body, the most thorough investigation of all particulars which, under the circumstances is possible must in every instance be carried out.

4. In other cases, blood-stained clothes or arms, pieces of skin, &c., have been forwarded to the Chemical Examiner at so late a date that that officer has been unable, owing to the condition of the articles forwarded, to offer any opinion upon them. Everything upon which the Chemical Examiner's opinion is necessary should be

5. Attention is requested to Chief Court's Book Circular No. XVII., of 22nd September 1868, as to the portions of the body which should be forwarded to the Chemical Examiner in cases of metallic poisoning.

By order of the Chief Court,

W. COLDSTREAM,

Offg. Registrar.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation*, if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

Director-General of the Post-Office of India.

RULES REGARDING THE SUPPLY, &C., OF COURT FEES STAMPS, UNDER SECTION 27 OF ACT VII. OF 1870.

IN the following rules, the term "Court Fees Stamps" includes Process Fees Stamps.

(A.)—The supply of Stamps to be used under the Court Fees Act.

2nd.—Court Fees Stamps shall be supplied to all Treasuries by means of indents on the Superintendent of Stamps, Calcutta, in the same way as General Stamps, but in the form specially prescribed for Court Fees Stamps by the Superintendent of Stamps. The indent includes Tulabana or Process Fees Stamps.

3rd.—All indents shall be forwarded to the Financial Commissioner's Office for countersignature, and will thence be despatched to the Superintendent of Stamps for compliance, with such modifications as may be necessary.

4th.—Intermediate supplies of Stamps in emergent cases may be obtained by transfer from other districts, on application to the Financial Commissioner's Office.

5th.—Stamps of all the requisite values shall at all times be available at every Treasury for sale to the public, and shall be supplied to vendors under the Rules relating to Vend of Stamps issued under Section 48 of the General Stamp Act, XVIII. of 1869.

(B.)—The number of Stamps to be used for denoting any fee chargeable under the Court Fees Act.

6th.—The smallest number of Stamps possible shall be used to denote each fee. When the exact amount of the fee can be denoted by a single impressed bi-color (red and black) Stamp, and such Stamp is available, the fee shall be denoted accordingly. When the exact amount of the fee cannot be denoted by a single impressed bi-color Stamp, or if no such Stamp can be supplied by the *ex-officio* vendor of the place—and on his furnishing a certificate to that effect—the next lower available bi-color Stamp shall be used, and the deficiency shall be made up by one or more additional stamps, which may be either bi-color or adhesive.

7th.—Should the amount of the fee in any case involve a fraction of an anna, such fraction shall be remitted.

8th.—Where blank Stamps are filed to make up the full amount of a fee, an endorsement shall be made on each of them, stating the name of the party by whom it is filed, and the case to which it appertains, in order that it may not be used again.

9th.—If the subject matter of any plaint, written statement, petition, or copy of a decree or order cannot be conveniently comprised within one stamped paper of the prescribed value, one or more additional pieces of unstamped paper may be used.

(C.)—The renewal of damaged or spoiled Stamps,

10th.—The renewal of a Stamp means the supply of a fresh Stamp or Stamps of equal or similar kind and value in lieu of it; but Court Fees Stamps cannot be exchanged for General Stamps.

11th.—A Court Fees Stamp shall be held to be damaged or spoiled in the following cases:—

1. When, either before or after being written upon, it shall by some accident have become stained, soiled, torn, or otherwise rendered permanently unfit for use.

2. When, by reason of some material error in the writing or copying of the document, it shall have become of no avail.

3. When the purpose intended to be effected thereby shall have been effected by some other instrument, duly stamped.

12th.—In such cases the owner may apply to the Collector of the district in which the Stamp was purchased for renewal, and the Collector, or officer authorized by him, shall renew the Stamp accordingly, provided he is satisfied of the sufficiency of the grounds of the application, and provided renewal is applied for within one year from date of purchase of the Stamp, and on payment by the owner of the sum of one anna, as the cost of the paper.

13th.—The provisions of Sections 45 and 46 of the General Stamp Act, XVIII. of 1869, relating to refund of the whole value of a Stamp, are equally applicable to Court Fees Stamps,—inasmuch as these Stamps are obtained in the manner allowed by that Act, *(i. e.,)* in accordance with the Rules for Sale of Stamps under Section 48 of the General Stamp Act, which is made applicable to Court Fees Stamps by Section 34 of the Court Fees Act.

14th.—When a Court Fees Stamp has been used of greater value than is required by the Act, or than is determined by the Court or Public Office to be the proper Stamp, the owner thereof shall be supplied by the Court or Office with a certificate in the form annexed, entitling him to receive from the Collector of the district named by the Court or Office a refund in cash of the excess value. A note of the refund shall be entered on the document, and it shall then be treated as if properly stamped. But, for the convenience of the owner, or for other sufficient reason, the Court or Office may elect to treat the Stamp as a spoiled Stamp and in that case the owner may obtain a refund of the full value, in the manner and under the conditions prescribed under the General Stamp Act, Sections 45 and 46.

(D.)—The keeping accounts of all Stamps used under the Court Fees Act.

15th.—The account of all Court Fees and Process Fees Stamps shall be kept distinct from

those of Stamps under the General Stamp Act.

16*th*.—The Registers to be kept up by the Treasurer and Treasury Officer shall be similar in form to those used for General Stamps, but shall contain headings for all the kinds and values of Stamps that may from time to time be indicated in the form of indent prescribed by the Superintendent of Stamps, or the use of which may be prescribed by Government.

17*th*.—All Stamps received from Calcutta on indent, or from elsewhere by transfer, shall be brought to credit within one month from date of receipt.

18*th*.—Returns of receipts, sales, transfers, and stock of Stamps shall be rendered to the Superintendent of Stamps and to the Financial Commissioner in such form as may from time to time be prescribed.

London, the 28th May 1870.

To His Excellency the Right Hon'ble the Governor-General of India in Council.

MY LORD,—I have considered in Council your Lordship's letter dated the 6th of April last, No. 109, suggesting the desirability of abrogating the rule by which a limit of service in India is fixed within which an officer must pass an examination in the Native languages, in order to obtain a pecuniary reward.

2. It appears to me that the effect of the rule in encouraging the study of the languages in the early years of an officer's career is one which is productive of advantage to the service, and which would to a very great extent be lost by the complete abrogation of the rule.

3. At the same time, I see no objection to special exception being made by the Local Governments in the case of an officer who may show proficiency in the acquisition of the language of any district, for which he may not have had facilities until a period closely bordering on or subsequent to, the limit of service prescribed.

I have, &c.,
(SD.) ARGYLL.

POST OFFICE.

Postal Notices.

Simla, the 12th May, 1870.

IN order to avoid the inconvenience now experienced in the delivery of covers, the address of which includes the name as well as the official designation of the addressee, the following Rules have been laid down for the guidance of Postal officers in the treatment of such covers :—

Covers posted by a Public Officer and superscribed by him as on Her Majesty's Service to be delivered—

(1) according to the *official designation,* if an official designation be in the address, even though the address includes also the name of the addressee ;

(2) according to the *name* of the addressee, if no official designation be given.

Covers not bearing the above-mentioned superscription—

(1) according to the *name*, if the name be on the address, even though the address includes also the official designation of the addressee;

(2) according to the *official designation*, if no name be given.

2. Briefly stated, the principle of these Rules is, that the delivery of covers superscribed by a public officer "On Her Majesty's Service" shall be governed by the *official designation* (when given) of the addressee—the delivery of covers not so superscribed being governed by the *name* (when given) of the addressee.

3. For instance, if the officer holding the appointment of Deputy Commissioner of Lucknow be transferred to some other station, a cover to his address superscribed by a public officer as on Her Majesty's Service will, if the address contain the official designation, be delivered to his successor in office; but if it contain the name only, it will be re-directed to his new station. Similarly, a cover not bearing the superscription above referred to will, if the address contain the official designation only, be delivered to his successor in office; but if the name be given in the address, it will be re-directed to his new station.

4. Public officers and private individuals corresponding with public officers are requested to regulate the forms of address used by them according to the manner in which they desire the covers to be treated under these Rules.

(2nd) Rates of Freight.

Goods will be conveyed up and down on the Punjab Government Vessels subject to the conditions specified on the bills of lading. At Sukkur the Superintendent will receive and despatch all goods to their destination, and the Freight Agents at the various stations will receive and ship goods, if required to do so; but the Government of the Punjab will not be responsible for such Agent, or for the safety of the goods entrusted to him after it is once put over the vessel's side. The demand for tonnage fluctuates according to the state of the market and of the tonnage required by shippers: it is therefore to be clearly understood that the undermentioned tables exhibit minimum rates, which will in each case be settled by the Superintendent at Sukkur, or the Freight Agents at the several stations.

Freight on goods conveyed downwards will have to be paid at the time of shipment.

Should any error be discovered in the freight charged, the deficiency will be demanded prior to delivery of goods.

Goods not applied for within 48 hours of arrival at Sukkur will be liable to godown rent, at one anna per package per diem.

(3RD) FREIGHT ON TREASURE.

The following are rates for conveyance of treasure either up or down River :—

Treasure will not be received unless properly packed and sealed, and weighed in the presence of the shippers.

Treasure is deliverable on the bill of lading only.

No goods or treasure, however short the distance despatched, will be conveyed for less than Rs. 1-8-0,—*i. e.*, when the charge according to table rates proves under the above amount.

The Superintendent, Punjab Government Steam Flotilla, will not be responsible for any loss or damage that may be occasioned to goods by accident to the vessel, fire, or any other cause whatever, not traceable to neglect of those entrusted with the care of said goods, nor after they have once been put over the vessel's side; and shippers must agree to the conditions on the bill of lading.

(4TH) FREIGHT ON CONVEYANCES.

Goods, the property of Government, will be conveyed free of charge; but shippers must furnish the Commander of the vessel with a certificate stating that the articles are *bonâ fide* the property of the State; and Commanders have been instructed to refuse goods unless accompanied by such a document, which is required to support a *pro formâ* charge in the books of this Department. The Freight Agents must, however, be paid the actual charge incurred in landing or shipping the said goods, &c., when required to do so. The above also applies to officers proceeding on duty at the expense of the State, and to convicts, their guards, and troops, for the passage of whom an embarkation order will be required, signed by the chief Civil or Military Authority of the station.

Nothing in this or the last preceding section shall authorize the infliction of corporal punishment, or confinement in irons, on any female prisoner or any civil prisoner.

Any fine imposed by the Superintendent under this section may be recovered either by deduction from the convicted officer's salary and allowances, or under the law for the time being in force for the recovery of fines.

No person shall, under this section, be punished twice for the same offence.

CHAPTER XII.—Miscellaneous.

Confinement in irons by Gaoler of his own authority.

53. Except in case of urgent necessity, no prisoner shall be put in irons or under mechanical restraint by the Gaoler of his own authority, and notice thereof shall be forthwith given to the Superintendent.

Except in case of urgent necessity, no prisoner shall be kept in irons or under mechanical restraint for more than twenty-four hours, without an order in writing from the Superintendent specifying the cause thereof, and the time during which the prisoner is to be kept in irons or under mechanical restraint. Such order shall be kept by the Gaoler as his warrant.

T. H. THORNTON,

Secy. to Govt., Punjab.

POLICE DEPARTMENT.

No. 2752.

The 6th October 1870.

Proceedings of the Hon'ble the Lieutenant-Governor in the Police Department.

Examination of Uncovenanted Assistant District Superintendents of Police in languages.

READ,—the undermentioned correspondence :—

Punjab Government Order No. 560, of the 10th April 1865, requiring all Assistant and District Superintendents of Police to qualify in Hindustani by the Higher Standard.

No. 807, of the 30th June 1870, from the Deputy Inspector-General of Police, Ráwalpindi Circle, pointing out the difficulties in the way of obtaining competent teachers for the Hindi portion of the examination, and the inutility of Hindi in the Punjab.

No. 1970, of the 11th July, from this Government to the Secretary to the Board of Examiners, Fort William, (dated 26th July), regarding the conduct of the Examination of Police Officers.

REMARKS.—His Honor the Lieutenant-Governor considers that it is unadvisable to require the Hindi test of the Higher Standard from Uncovenanted Police Officers. In future, Uncovenanted Police Officers will be required to qualify in Hindustani, in the Urdu and colloquial tests only of the Higher Standard Examination.

To prevent mistakes, Police candidates appearing before Military Examination Committees will take with them a certified copy of this resolution, and will sign their name and rank on their papers.

In place of the Hindi test, His Honor is pleased to prescribe that Uncovenanted Police Officers of the rank of Assistant District Superintendents, who have not passed in Hindustani by either the P. H. or H. S. tests, shall qualify in Punjabi by passing the colloquial and translation from Punjabi into English portions of the present Punjabi Examination.

A Police Officer will be entitled to draw Rs. 180 after passing both these

allowed for either of the examinations taken separately.

If an Assistant District Superintendent fail to qualify himself by passing these two examinations in two years after appointment, he renders himself liable to be removed from the service.

The 7th October 1870.

Appointment.

No. 2763.—Mr. A. C. M. Macgregor has been appointed an Assistant District Superintendent of Police of the 1st class, 1st grade, in the Punjab, and is posted to the Gurgaon District.

Mr. Macgregor's appointment to the Punjab Police will have effect from the date on which he reports himself for duty at Gurgaon.

No. 2764.—Under the provisions of Section 15, Act V. of 1861, the Hon'ble the Lieutenant-Governor is pleased to direct that the inhabitants of village Bussalee, in the Ráwalpindi District, shall be charged for the period of one year with the cost of maintaining Additional Police, to wit,—

ANNUAL INTERNATIONAL EXHIBITIONS OF SELECT WORKS OF FINE AND INDUSTRIAL ART AND SCIENTIFIC INVENTIONS.

Extract from the Proceedings of the Government of India in the Home Department.

READ again a letter from the Secretary to Her Majesty's Commissioners for the Annual International Exhibitions of Select Works of Fine and Industrial Art and Scientific Inventions, forwarding Prospectus of the first Annual Exhibition.

RESOLUTION.—It was at one time feared that, in consequence of the war on the Continent of Europe, the first of this series of International Exhibitions might be postponed. Information recently received from England shows, however, that this view was incorrect, and that the first Annual Exhibition will be opened at Kensington on the 1st of May next.

2. His Excellency the Viceroy and Governor-General in Council, taking into consideration the high place assigned to Indian exhibitors at former Exhibitions, is unwilling that the manufactures of India should be entirely unrepresented on the occasion of an International Exhibition, to be held in London under the direction of Her Majesty's Commissioners for the Exhibition of 1851, and designed specially to demonstrate the progress made in arts and manufactures during the last ten years.

3. His Excellency in Council is disposed to believe that, with the assistance of the Local Governments and of many gentlemen, official and non-official, who on several occasions have evinced much interest in such undertakings, a collection might be made, which would worthily represent the products and industry of India.

4. At the same time, if the specimens are carefully and intelligently selected, they would probably find a ready sale in Europe, and the expenses connected with the arrangements would be comparatively small.

5. As the Viceroy travelled rapidly, the ceremony of the meeting between His Excellency and the Maharaja, on the border of the Patiála territory, was omitted.

At a distance of three miles from the gate of the city, His Highness the Maharaja met the Viceroy, and entered his carriage. From the city gate an elephant procession was formed, which proceeded through the city to His Excellency's camp. His Excellency and the Maharaja rode on the same elephant.

The troops of the Patiála State were drawn out in front of His Excellency's camp, and royal salutes were fired by His Highness's Artillery as His Excellency passed the fort of Bahadoorgurh, as he entered the city, as he passed the palace, and as he arrived at his camp. A Native Infantry guard of honor, with band, &c., was in attendance.

In the evening, shortly after his arrival, the Viceroy received His Highness the Maharaja at a private interview.

The Commissioner of the Cis-Sutlej States and two of the Viceroy's Aides-de-Camp proceeded half way to escort His Highness to the Viceroy's camp. As His Highness alighted from his sowari, he was met by the Foreign Secretary, and, at the edge of the carpet, by His Excellency the Viceroy, who conducted him to a seat on his right hand. On the right of the Maharaja were seated the Foreign Secretary, the Commissioner, and the Maharaja's attendants, according to their rank; on the left the General Commanding at Ambála, the Military Secretary, His Excellency's personal staff, and the Civil and Military Officers, according to their rank.

After a few minutes' conversation, the attendants of the Maharaja were presented by the Commissioner, and presented nuzzurs of one gold mohur each, which were touched and remitted.

At the close of the interview, utter and pawn were given by His Excellency to His Highness the Maharaja, and by the Foreign Secretary to His Highness's attendants.

A guard of honor was drawn up at the Viceroy's camp, and presented arms as His Highness passed.

The salute of 17 guns, to which His Highness is entitled on arriving at, and departing from, his interview with His Excellency the Viceroy, was fired at sun-rise on the following morning by His Highness's Artillery.

At 3 P. M., on the 6th of October, His Excellency the Viceroy, accompanied by the Foreign Secretary, the Commissioner, the Military Secretary, and the personal staff, proceeded to pay a return visit to His Highness the Maharaja.

At 2-30 P. M., four of His Highness's principal Sirdars arrived at the Viceroy's camp to escort His Excellency to the palace.

On the left of the Maharaja were seated the Foreign Secretary, the Commissioner, and His Highness's Sirdars. On the right of the Viceroy, His Excellency's Military Secretary and personal staff.

After a few minutes' conversation, His Highness's principal Sirdars were introduced by the Commissioner, and presented nuzzurs of one gold mohur each, which were touched and remitted.

At the close of the interview, the Maharaja served uttur and pawn to the Viceroy and His Excellency's suite.

A regiment of Patiála troops was drawn up in front of the palace, and presented arms as His Excellency passed, and a royal salute was fired on the occasion of His Excellency's arrival and departure.

Simla, the 7th October 1870.

No. 341.—It having been found that the co-existence of two systems of remunerating the Officers of the Engineer Establishment of the Public Works Department,—*viz.*, by giving a staff salary to Military Officers, in addition to military pay and allowances, and a consolidated salary to Civil Engineers,—has led to serious and anomalous inequalities of pay, the question of revising the salaries of this branch of the department has for some time been under the consideration of the Government of India. His Excellency the Governor-General in Council is now pleased, with the approval of Her Majesty's Government, to publish, for general information, the following revised Rules :—

I.—Consolidated salaries to be adopted in all classes and grades.

VIII.—Two periodic increments, each to the extent of Rs. 50 per mensem, may be made to the salaries of Executive Engineers of the 1st grade, who, although not qualified for the particular duties of a Superintending Engineer, are deemed worthy of a farther recognition of service, in consequence of their efficiency as Executive Engineers. A minimum of four years' approved service in the grade is necessary to qualify for the first increment, and a farther minimum period of four years for the second. The increments will be granted by the Government of India, on the recommendation of Local Governments and Administrations, and with general reference to the recorded recommendations for promotions to the rank of Superintending Engineer.

XIV.—Royal Engineer Officers also to have the option of the old or new rules; the election to be made at once by present incumbents, or hereafter, when an Officer first joins the Department.

XV.—In the case of Military Officers electing to abide by existing rules, the staff salary of the intermediate grade of Superintending Engineer will be Rs. 750, or the mean between the two existing classes,—the maximum being Rs. 1,575, the mean between the present highest and lowest grades. The maximum rates of the 1st and 3rd Grades will be the existing maxima of the present highest and lowest grades, *viz.*, Rs. 1,800 and Rs. 1,350.

XVI.—All Officers serving in the Public Works Department, to have their salaries regulated according to the new scale, whether in the Government of India Secretariat, the General or Irrigation or Railway Branches of the Department.

XVII.—The Accounts Branch salaries also to be modified, so as to conform to those of the Works Branches.

XVIII.—Military Officers drawing consolidated salaries will receive Presidency house-rent at the Civil rates laid down in Public Works Code, Chapter I., Section I, paragraph 15.

XIX.—These Rules have effect from 1st September 1870,—*i. e.*, they apply for the first time to the salaries for the month of September, and are applicable to the Madras and Bombay Presidencies; but they will not affect the furlough allowance of Officers (whether Military or Civil) whose furloughs date previous to 1st September.

PUBLIC WORKS DEPARTMENT.

NOTIFICATION.

Establishment.

Simla, the 19th October 1870.

No. 351.—In continuation of Public Works Department Notification No. 341, of the 7th instant, the following Resolution in the Financial Department is published for information and guidance in the Public Works Department:—

Resolution by the Government of India, Financial Department, No. 3860, dated Simla, the 30th September 1870.

READ—

Resolution No. 3807 passed in this Department on the 6th October 1869, regarding the introduction of one scale of consolidated salaries for all Officers of the Engineer Branch of the Public Works Department, in supersession of the existing double scale of consolidated salaries for Civilians and staff salaries for Military Officers.

RESOLUTION.—In the above Resolution it was decided that Royal Engineer Officers and all other Military Officers already in the Public Works Department, who entered the Indian Army before 1869, should have the right of election between the revised scale of consolidated salaries and the present scale of staff salaries; that Royal Engineer Officers who chose the former scale should draw the net military pay of their rank in the Military Department, in addition to their consolidated salaries; and that other Military Officers already in the Department, who entered the Indian Army in 1859 and subsequently, should be placed on the consolidated scale, "provided that no present incumbent" should "receive less than at present."

2. The Governor-General in Council is now pleased to rule that all Military Officers in the Public Works Department, who may be brought on the revised scale of consolidated salaries under the orders above described, shall be permitted to draw, during absence on furlough, the allowances which are admissible under existing rules to Military Officers in Civil employ on consolidated salaries,

on the understanding, in the case of every Royal Engineer Officer, that his consolidated salary and the net military pay of his rank shall be treated as one consolidated salary.

3. It is not improbable that the furlough allowances admissible under the foregoing order will in a few cases be less than the allowances which would have been drawn by the Officers had they proceeded on furlough before they ceased to draw staff salaries. Such cases should, His Excellency in Council observes, be submitted for the special orders of the Government of India in this Department when they arise, provided the Officers concerned are Military Officers who, though already in the Public Works Department, did not enter the Indian Army before 1869, and do not belong to the Royal Engineers, and have, therefore, been brought on the revised scale of consolidated salaries, without regard to their wishes on the subject.

ORDER.—Ordered, that the foregoing Resolution be communicated to the Public Works Department.

HOME DEPARTMENT.

NOTIFICATION.

The 20th October 1870.

No. 4828.—In the exercise of the power vested in him by Section 34 of Act XXI. of 1869 (an Act to provide against European Vagrancy), His Excellency the Governor-General in Council is pleased to make the following Rules for the guidance of officers in the administration of the Act :—

I.—The expression "person of European extraction" includes, for the purpose sof the Act and these Rules, (1) persons born in Europe, America, the West

and (2) the legitimate son of a father and grandson of a grandfather so born.

II.—For the arrest and custody of vagrants, European or Eurasian Police Officers shall, whenever it may be practicable, be employed in preference to Native Police Officers.

III.—Whenever any person, apparently a vagrant, refuses or fails to comply with any requisition made by a Police Officer under Section 4 of the Act,

whenever any person of European extraction commit an offence under Section 22 of the Act in view of a Police Officer,

and whenever any Police Officer has reason to think that such offence has been, or

the person so refusing, failing, or offending may be forthwith arrested without warrant by the Police Officer, for the purpose of being produced in the usual manner before the officer empowered to deal with the case.

IV.—The "subsistence allowance" of the vagrant shall not ordinarily be made over to him, but shall be kept and disbursed on his account by the Police or other officer in whose custody he is for the time being.

V.—No certificate shall be given under Section 9 unless there be good ground for believing that the person applying for it is *bonâ fide* in search of employment, has a fair chance of obtaining it, and is of quiet and orderly behaviour.

VI.—The certificates shall be printed on parchment, or paper of very durable character, and shall be in English, with translations in the two principal Vernacular languages of the territories under the Local Government.

VII.—The time allowed under Section 16 for search after employment shall not ordinarily exceed two months, and shall not in any case exceed six months.

VIII.—In the Presidency Towns, the Commissioner of Police, and elsewhere Magistrates with full powers, being also Justices of the Peace, shall be competent to act on behalf of the Secretary of State in Council in making agreements under Section 17.

IX.—All such agreements shall be executed in duplicate, and the officer executing on behalf of the Secretary of State in Council shall retain one of the copies.

X.—When an agreement has been entered into by a vagrant under Section 17, he shall be forwarded, along with the original agreement, in the charge of a Police Officer to the officer at the port of embarkation who is empowered by the Local Government to receive vagrants; and thereafter, and until his embarkation, he shall remain in the custody of that officer, or of such other officer as the Local Government empowers in this behalf.

He shall during such time be entitled to subsistence allowance at eight annas per diem, to be disbursed as directed in Rule IV.

XI.—Local Governments within whose jurisdiction ports are situated shall make all necessary arrangements for the reception and custody of vagrants sent for deportation by other Local Governments or authorities in the interior. They will from time to time, as may be necessary, give notice of such arrangements to the forwarding authorities.

XII.—Road expenses shall be provided by the forwarding authorities ... expenses incurred in proceedings under Chapter IV. of the Act shall be defrayed by the Local Government of the port of embarkation on account of the Secretary of State in Council.

XIII.—No agreement for deportation shall be entered into with any person of European extraction born in this country, and who has never been out of it, unless he satisfies the Local Government that he is likely to gain a livelihood in some place out of India.

XIV.—The officers empowered to direct the deportation of vagrants will see that no unnecessary time is lost for providing passage for those who have entered into agreements to be deported. As a rule, Europeans should be sent to Europe, Americans to America, West Indians to the West Indies, Australians to Australia, and New Zealanders to New Zealand. But the local authorities will exercise their discretion in sending vagrants to other countries than their own, when it appears that such a course will be for their advantage, and that they will be favorably received on arriving at their destination.

XV.—Descriptive rolls and, as far as possible, photographs of all persons deported shall be kept by the Local Governments or Administrations within whose territory the ports are situated.

No. 4829.—In the exercise of the power vested in him by the last clause of Section 2 of the European Vagrancy Act, 1869, His Excellency the Governor-General in Council is pleased to extend Sections 4 to 16 (both inclusive), 19, 20, 24, and 29 of the said Act to the Madras Presidency and the Lower Provinces of the Bengal Presidency, as well as to the dominions of Princes and States in alliance with Her Majesty, situated within the limits of the Madras Presidency and the Lower Provinces, with effect from the date of the republication of this Notification in the respective local *Gazettes* of the Governments of Madras and Bengal.

No. 4830.—In exercise of the power vested in him by Section 25 of the European Vagrancy Act, 1869, His Excellency the Governor-General in Council is pleased to exempt masters of steam or sailing vessels belonging to companies or registered owners from the operation of the first part of that section in respect of first class passengers on board such vessels.

For places served through the United Kingdom ...	Each letter 2 annas per ½ oz. more than the published rate for a letter sent *viâ* Marseilles.

	Each packet of books or patterns ...	8 pie per 4 oz. more than the published rate for a packet sent *viâ* Marseilles.		

The full prepayment of correspondence forwarded *viâ* Brindisi is compulsory, and all covers not fully prepaid will, unless specially marked by the senders for transmission by any other route, and conforming to its conditions, be forwarded *viâ* Southampton.

FINANCIAL DEPARTMENT.

NOTIFICATIONS.

Leave and Allowances.

The 8th November 1870.

No. 2941.—RESOLUTION.—The Governor-General in Council is pleased to lay down the following rule for the adjustment of the allowances of all officers in Civil employ who perform simultaneously the duties of more than one office.

An officer performing at the same time the duties of two or more offices, whether he be appointed to them substantively or not, shall draw the highest salary and allowances to which he would be entitled if he held any one of the offices alone. For the remaining office or offices, he shall draw such allowances as the Government to which he is subordinate may fix, not being more than half the amount to which he would have been entitled had he held each office alone.

Provided that the aggregate allowances given under these rules shall not exceed the highest *substantive* salary of any of the offices filled, unless the Government to which the officer is subordinate declares, by a special order to be communicated to the Supreme Government, that it is absolutely necessary in the interests of the public service to entrust to him the duties of all the offices at once, and that, for special reasons, the salary which the officer would otherwise draw under this Resolution is insufficient.

Illustration.—A Covenanted Civil Servant who has a substantive salary of Rs. 1,000 per mensem, without giving over charge of his own office, officiates in another office the salary of which is Rs. 1,600, and in a third office the salary of which is Rs. 2,500 per mensem.

If he held each office alone he would be entitled to the following allowances in each one :—

	Rs.
For his own office	1,000
First office in which he officiated, Rs. 1,000 + $\frac{2}{3}$ of 1,600—1,000=600	1,400
Second ditto ditto, Rs. 1,000 + $\frac{2}{3}$ of 2,500—1,000=1,500	2,000

Under the foregoing rule, his maximum allowance for the charge of the three offices would be Rs. $2,000 + $ Rs. $\frac{1,000}{2}$ + Rs. $\frac{1,400}{2}$ = Rs. 3,200; but, as the highest substantive salary of any of the three offices is Rs. 2,500, his agregate allowances must be limited to that sum, unless the Government to which he is subordinate makes the declaration described above, in which case he will receive such allowances, not exceeding Rs. 3,200 per mensem, as the Government may sanction.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and communicated to the other Departments, the Local Governments, the Comptroller-General of Accounts, the Head Commissioner of Paper Currency, the Director-General of the Post Office of India, the Mint Master, Calcutta, the Accountants-General, and the Deputy Accountants-General in independent charge.

Pensions and Gratuities.

The 9th November 1870.

No. 2967.—Read the under-mentioned papers regarding the admissibility towards pension of service on establishnents under the Court of Wards :—

Extract from the Proceedings of Government in the Home Department, No. 4383, dated 21st August 1862.

Letter to Secretary to Government, North-Western Provinces, No. 48G., dated 3rd January 1863.

Letter to ditto, No. 1653, dated 23rd April 1863.

Letter to Secretary to Government, Punjab, No. 3887, dated 5th October 1869.

RESOLUTION.—Service on establishments under the Court of Wards has not hitherto been allowed to count towards pension under the Uncovenanted Service Rules. The Governor-General in Council is now, however, pleased to rule that in the case of officers of the Uncovenanted Service detached under the authority of Government for employment under the Court of Wards, the

service rendered in that employment may in future count towards pension under the Uncovenanted Service Rules, provided that 6 per cent. of the salary paid for the service be made over to the Government either by the estate or by the officer at the time the salary is drawn.

ORDERED, that the foregoing be published in the *Gazette of India*.

Separate Revenue.—Post Office.

The 11th November 1870.

His Excellency in Council is further pleased to declare that the above-mentioned limit of size shall be applicable to Inland Packets of Patterns. If any Packet of Books or Patterns exceeding the above-mentioned limit of size be posted, it shall be treated as a Banghy Parcel, and charged accordingly.

BOOK CIRCULAR No. XVIII.-2779

FROM W. COLDSTREAM, ESQ.,
Offg. Registrar of the Chief Court of the Punjab,

TO ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 15th November 1870.

CHIEF COURT OF THE PUNJAB.

Present:
C. R. Lindsay, Esq.,
H. S. Cunningham, Esq.,
J. S. Campbell, Esq., } *Judges.*

IN Circular Memo. No. 15-1539, dated 8th May 1869, instructions were given for the preparation and submission of Magistrates' Monthly Statement No. II., and further instructions on the subject were given in Circular Memo. No. 26-2682, dated 20th September 1869. The Judges of the Chief Court, with a view to saving Magistrates unnecessary trouble in the preparation of these statements, have had under consideration the question of the expediency of the modification of the form of this return.

The Judges now direct that the old form be discontinued, and that for the future the form appended to this Circular be adopted by all Magistrates.

2. This statement will be prepared according to the following directions:—

(1.) The Columns numbered 1, 2, 3, 4, will be filled in in the Vernacular of the Magistrate (not necessarily in his own handwriting); and remarks in Column 5, when necessary, will be written by the Magistrate himself.

(2.) The cases should be entered in the order in which they are decided.

(3.) In Column 6, the Deputy Commissioner will enter such remarks as he may consider necessary before forwarding the statement to the Commissioner, who should in like manner record in Column 7 such orders as he may deem called for, after sending for and examining the files in cases where this may appear necessary.

3. After review, the statement should be returned to the Deputy Commissioner from whose office it was received. The Chief Court will occasionally call for these statements for inspection.

4. Each Magistrate will sign his own statement, and will be responsible for all the entries in Columns 1 to 5.

5. The statements should reach the Commissioner by the 12th of the month succeeding that to which they relate.

6. It will be seen that this revised form does not necessitate an abstract of the circumstances of the case, or any statement of the nature of the evidence, and will therefore be prepared with much less trouble than the old form. The Judges, therefore, desire that Commissioners will be careful for the future to insist on the punctual submission of these returns by all Magistrates.

By Order of the Chief Court of the Punjab,

W. COLDSTREAM,
Offg. Registrar of the Chief Court of the Punjab.

An Act to render valid certain contracts informally executed in India.

[9th August 1870.]

WHEREAS by an Act passed in the twenty-second and twenty-third years of the reign of Her present Majesty, amending an Act passed in the twenty-first and twenty-second years of the reign of Her present Majesty, intituled "An Act for the better government of India," it was provided that any deed, contract, or other instrument made by the authorities therein named for the purpose of disposing of real and personal estate in India vested in Her Majesty under the said last-mentioned Act, or of raising money on such real estate by way of mortgage, or of making proper assurance for that purpose, or of purchasing and acquiring any lands and hereditaments, or any interest therein, stores, goods, chattels, and other property in India, and of entering into any contracts whatsoever for the purposes of the said first-mentioned Act, may be expressed to be executed as on behalf of the Secretary of State for India in Council, by or by order of the Governor-General in Council, or the Governor of Fort St. George or of Bombay in Council:

behalf, by the Secretary of State for India in Council, shall be, and be deemed to have been, as valid as if it had been executed in conformity with the provisions of the said first-recited Act; provided that such deed, contract, or other instrument has been in other respects duly executed according to the law in force at the date of its execution.

Power to authorities in India to vary forms of execution.

2. It shall be lawful for the Governor-General, by Resolution in Council, from time to time to vary the form of execution prescribed by the said first-recited Act for the deeds, contracts, and other instruments to which it relates, and to empower such authorities as to him may seem expendient to vary it within the respective limits of their local jurisdiction; and deeds, contracts, and other instruments executed according to forms so altered shall have in all respects the like validity as if they had been executed according to the provisions of the said first-recited Act.

GOVERNMENT OF INDIA, FINANCIAL DEPARTMENT.

Leave and Allowances.

Fort William, 8th November 1870.

RESOLUTION.—The Governor-General in Council is pleased to lay down the following rule for the adjustment of the allowances of all officers in Civil employ who perform simultaneously the duties of more than one office :—

An officer performing at the same time the duties of two or more offices, whether he be appointed to them substantively, or not, shall draw the highest salary and allowances to which he would be entitled if he held any one of the offices alone. For the remaining office or offices, he shall draw such allowances as the Government to which he is subordinate may fix, not being more than half the amount to which he would have been entitled had he held each office alone.

Provided that the aggregate allowances given under these rules shall not exceed the highest *substantive* salary of any of the offices filled, unless the Government to which the officer is subordinate declares, by a special order to be communicated to the Supreme Government, that it is absolutely necessary in the interests of the public service to entrust to him the duties of all the offices at once, and that, for special reasons, the salary which the officer would otherwise draw under this resolution is insufficient.

Illustration.—A Covenanted Civil Servant who has a substantive salary of Rs. 1,000 per mensem, without giving over the charge of his own office, officiates in another office the salary of which is Rs. 1,600, and in a third office the salary of which is Rs. 2,500 per mensem.

If he held each office alone, he would be entitled to the following allowances in each one :—

	Rs.
For his own office	1,000
First office in which he officiated, Rs. 1,000 + ⅔ of 1,600—1,000 = 600	1,400
Second office in which he officiated, Rs. 1,000 + ⅔ of 2,500—1,000 = 1,500	2,000

Under the foregoing rule, his maximum allowance for the charge of the three offices would be Rs. $2,000 + \text{Rs.}\ \frac{1,000}{2} + \text{Rs.}\ \frac{1,400}{2} = \text{Rs.}\ 3,200$; but as the highest substantive salary of any of the three offices is Rs. 2,500, his aggregate allowances must be limited to that sum, unless the Government to which he is subordinate makes the declaration described above, in which case he will receive such allowances, not exceeding Rs. 3,200 per mensem, as the Government may sanction.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and communicated to the other Departments, the Local Governments, the Comptroller-General of Accounts, the Head Commissioner of Paper Currency, the Director-General of the Post Office of India, the Mint Master, Calcutta, the Accountants-General, and the Deputy Accountants-General in independent charge.

No. 3043.—RESOLUTION.—The Governor-General in Council observes that the operation of the Uncovenanted Service Pension Rules is restricted to servants employed on *permanent* establishments. It is, however, within the meaning of these rules that an Uncovenanted Servant may count towards pension any period of employment on an extra or temporary establishment, provided the establishment in which he may have served is eventually made permanent. It must not be understood from this that a servant is permitted to count service upon a temporary establishment merely by reason of

his being transferred thence to *another* and a permanent establishment.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*.

The 18th November 1870.

No. 3114.—The following Resolution is published in the *Gazette of India* for general information :—

RESOLUTION.—In applications for pension or gratuity, it frequently occurs that part of the service qualifying for the pension or gratuity, not being able to be tested by comparison with written records, is verified only by the solemn affirmation of the applicant. But in such cases it is necessary that the affidavit should be supported by some other testimony, such, for instance, as the statement of contemporary employés ; and the Governor-General in Council therefore directs that this procedure may in future be observed.

The Indian Statute-Book,

From the year 1834,

With a general Introduction to the Statute Law of India;

C. D. FIELD, M.A., L.L.D.,

Of the Inner Temple, Barrister-at-Law, and of H. M.'s Bengal Civil Service,

Formerly Registrar of the Calcutta High Court.

LONDON:

Butterworth's, 7, Fleet Street, Law Publishers to the Queen's most Excellent Majesty.

Calcutta: Wyman and Co. *Bombay:* Thacker, Vining, and Co. *Madras:* Higginbotham and Co.

N.B.—The plan of this work is similar to that of the Table and Index for the Home Statute-Book recently published by the Statute Law Committee. The *Index* enables the Law on any subject to be found in a moment. The *Table* shows how far every Act of the Governor-General of India, of the Governors of Bombay and Madras, and of the Lieutenant-Governor of Bengal, has been repealed, amended, or altered. The possession of this work by Judicial Officers will obviate the necessity of carrying about the heavy volumes of the Acts, which are to be had in every office.

Opinions of the Press.

"Everything that long experience and untiring care could do to make the work perfect of its kind, has been done. To the practitioner in the Indian Law Courts, the book will be invaluable, whilst the student will find it save him many hours of toil and search."—*Home News.*

"Goes beyond a mere Table or Index in having prefixed to it an Introduction fully and clearly explaining the nature of Indian Legislation, and the special rules to be observed in the interpretation and construction of Indian Acts and Regulations, as well as the present power of the Governor-General in making laws under the Act of the last Session of Parliament, which will be found especially useful to law students and practitioners."—*Englishman.*

"In short, with Mr. Field's work in his hands, the native aspirant for admission to the High Court, or for the Barrister's diploma, could wish for no better assistance or aid in the prosecution of his studies. To the Bench as well as the Bar of India, the work will prove specially serviceable, since the tedious yet necessary references involved in determining what portions of the older Statute Law have become obsolete are here strikingly obviated."—*Indian Daily News.*

"The work is of great value,—one of those laborious compilations that save immense labor to other people: you can turn in a moment to any Act from 1834 downwards, and know exactly where and how to find it. We have no doubt it will have a large sale in India and among Englishmen interested in India."—*Friend of India.* 746-3

Power to authorities in India to vary forms of execution.

2. It shall be lawful for the Governor-General, by Resolution in Council, from time to time to vary the form of execution prescribed by the said first-recited Act for the deeds, contracts, and other instruments to which it relates, and to empower such authorities as to him may seem expedient to vary it within the respective limits of their local jurisdiction; and deeds, contracts, and other instruments executed according to forms so altered shall have in all respects the like validity as if they had been executed according to the provisions of the said first-recited Act.

No. 741.—Pursuant to the 12th and 28th of the New Forest Rules for Hazára, the existing forest seigniorage rates of that district are revised as follows—this revision to take effect from the 1st of January 1871:—

1. Seigniorage on fellings shall be levied at the rates given in the annexed Schedule; provided that double rates shall be charged for trees of six feet girth and over, the conifers—deodár, biár, palúdar, and kachál—excepted (concerning which see Rule 6, below). Chíl is also excepted from the double rate.

Do. of charcoal ...	1

3. The seigniorage shall in every case be paid in advance.

4. These rates will be open to revision from and after the 1st of January 1876.

5. The Zemindár's share of these fees is half. It will be paid to the persons entitled thereto, through the agency of the Deputy Commissioner.

6. The attention of the Executive Officers in charge of the Hazára Forests is called to the names of those trees in the annexed schedule opposite to which the remark "*felling prohibited*" is entered; as also to those cases (deodár, biár, palúdar, and kachál), in which the felling of trees under six feet in girth is forbidden. Further, as regards all other trees, the felling of young and half-grown trees shall not ordinarily be allowed. But a discretionary authority to permit fellings contrary to these prohibitions is entrusted to the aforesaid officers, subject to the condition that it shall be used sparingly, and only for special reasons.

"Goes beyond a mere Table or Index, in having prefixed to it an Introduction fully and clearly explaining the nature of Indian Legislation, and the special rules to be observed in the interpretation and construction of Indian Acts and Regulations, as well as the present power of the Governor-General in making laws under the Act of the last Session of Parliament, which will be found especially useful to law students and practitioners."—*Englishman.*

"In short, with Mr. Field's work in his hands, the native aspirant for admission to the High Court, or for the Barrister's diploma, could wish for no better assistance or aid in the prosecution of his studies. To the Bench as well as the Bar of India, the work will prove specially serviceable, since the tedious yet necessary references involved in determining what portions of the older Statute Law have become obsolete are here strikingly obviated."—*Indian Daily News.*

"The work is of great value,—one of those laborious compilations that save immense labor to other people: you can turn in a moment to any Act from 1834 downwards, and know exactly where and how to find it. We have no doubt it will have a large sale in India and among Englishmen interested in India."—*Friend of India.* 746-2.

And whereas by an Act passed in the thirty-second and thirty-third years of Her said Majesty, it was recited that certain deeds had been issued for Inam lands in the Presidency of Fort Saint George by the Inam Commissioner in the execution of his office in that respect, which, by reason of certain defects in the expression of the execution thereof, it was apprehended might be invalid; and provision was thereupon made by the said last-mentioned Act that the said title-deeds should not be deemed invalid by reason of such defects:

And whereas it is apprehended that other deeds, contracts, and instruments made for the purpose expressed in the said first-recited Act, besides such title-deeds as aforesaid, may be invalid, or deemed invalid, for the like reason, and such provision as aforesaid should therefore be made more general:

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords, Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Power to authorities in India to vary forms of execution.

2. It shall be lawful for the Governor-General, by Resolution in Council, from time to time to vary the form of execution prescribed by the said first-recited Act for the deeds, contracts, and other instruments to which it relates, and to empower such authorities as to him may seem expedient to vary it within the respective limits of their local jurisdiction; and deeds, contracts, and other instruments executed according to forms so altered shall have in all respects the like validity as if they had been executed according to the provisions of the said first-recited Act.

WHITLEY STOKES,

Secy. to the Govt. of India,

Legislative Dept.

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 25th November 1870, and is hereby promulgated for general information :—

ACT No. XXVII. OF 1870.

An Act to amend the Indian Penal Code.

Preamble.

FOR the purpose of amending the Indian Penal Code; It is hereby enacted as follows :—

1. For Section thirty-four of the said Code, the following section shall be substituted;—

Liability for act done by several persons in furtherance of common intention.

"34. When a criminal act is done by several persons in furtherance of the common intention of all, each of such persons is liable for that act in the same manner as if it were done by him alone."

2. For Section forty of the said Code, the following section shall be substituted. :—

"40. Except in the chapter and sections mentioned in clauses two and three of this section, the word 'offence' denotes a thing made punishable by this Code.

"Offence."

"In Chapter IV. and in the following sections,—namely, Sections 109, 110, 112, 114, 115, 116, 117, 187, 194, 195, 203, 211, 213, 214, 221, 222, 223, 224, 225, 327, 328, 329, 330, 331, 347, 348, 388, 389, and 445, the word 'offence' denotes a thing punishable under this Code, or under any special or local law as hereinafter defined:

"And in Sections 141, 176, 177, 201, 202, 212, 216, and 441, the word 'offence' has the same meaning when the thing punishable under the special or local law is punishable under such law with imprisonment for a term of six months, or upwards, whether with or without fine."

3. Section fifty-six of the said Code shall be read as if the following proviso were added thereto:—

"Provided that, where an European or American offender would, but for such Act, be liable to be sentenced or ordered to be transported for a term exceeding ten years, but not for life, he shall be liable to be sentenced or ordered to kept in penal servitude for such term exceeding six years as to the Court seems fit, but not for life."

Proviso as to sentence for term exceeding ten years but not for life.

4. After Section one hundred and twenty-one of the said Code, the following section shall be inserted:—

"121A. Whoever within or without British India conspires to commit any of the offences punishable by Section one hundred and twenty-one, or to deprive the Queen of the sovereignty of British India, or of any part thereof, or conspires to overawe, by means of criminal force, or the show of criminal force, the Government of India or any Local Government, shall be punished with transportation for life or any shorter term, or with imprisonment of either description which may extend to ten years.

Conspiracy to commit offences punishable by Section 121.

"*Explanation.*—To constitute a conspiracy under this section, it is not necessary that any act or illegal omission shall take place in persuance thereof."

Whoever by words, either spoken or intended to be read, or by signs, or by visible representation, or otherwise, excites, or attempts to excite, feelings of disaffection to the government established by law in British India, shall be punished with transportation for life or for any term, to which fine may be added, or with imprisonment for a term which may extend to three years, to which fine may be added, or with fine.

Exciting disaffection.

"*Explanation.*—Such a disapprobation of the measures of the Government as is compatible with a disposition to render obedience to the lawful authority of the Government, and to support the lawful authority of the Government against unlawful attempts to subvert or resist that authority, is not disaffection. Therefore, the making of comments on the measures of the Government, with the intention of exciting only this species of disapprobation, is not an offence within this clause."

6. Section one hundred and thirty-one of the said Code shall be read as if the following explanation were added thereto:—

Addition to Section 131.

"*Explanation.*—In this section the words 'officer' and 'soldier' include any person subject to the Articles of War for the better government of Her Majesty's Army, or to the Articles of War contained in Act No. V. of 1869."

7. Sections one hundred and ninety-four and one hundred and ninety-five of the said Code shall be read as if, after the words 'by this Code,' the words 'or the law of England' were inserted.

"294A. Whoever keeps any office or place for the purpose of drawing any lottery not authorised by Government shall be punished with imprisonment of either description for a term which may extend to six months, or with fine, or with both.

Keeping lottery-office.

And whoever publishes any proposal to pay any sum, or to deliver any goods, or to do or forbear doing anything for the benefit of any person, on any event or contingency relative or applicable to the drawing of any ticket, lot, number or figure in any such lottery, shall be punished with fine which may extend to one thousand rupees."

11. Section three hundred and seven of the said Code shall be read as if the following clause were added thereto:—

Attempts by life-convicts.

"When any person offending under this section is under sentence of transportation for life, he may, if hurt is caused, be punished with death."

12. After Section three hundred and four of the same Code, the following section shall be inserted:—

FINANCIAL DEPARTMENT.

NOTIFICATION.

Leave and Allowances.

Fort William, the 8th November 1870.

No. 2941.—RESOLUTION.—The Governor-General in Council is pleased to lay down the following rule for the adjustment of the allowances of all officers in Civil employ who perform simultaneously the duties of more than one office :—

An officer performing at the same time the duties of two or more offices, whether he be ap-

pointed to them substantively or not, shall draw the highest salary and allowances to which he would be entitled if he held any one of the offices alone. For the remaining office or offices, he shall draw such allowances as the Government to which he is subordinate may fix, not being more than half the amount to which he would have been entitled had he held each office alone.

Provided that the aggregate allowances given under these rules shall not exceed the highest *substantive* salary of any of the offices filled, unless the Government to which the officer is subordinate declares, by a special order to be communicated to the Supreme Government, that it is absolutely necessary in the interest of the public service to entrust to him the duties of all the offices at once, and that for special reasons the salary which the officer would otherwise draw under this Resolution is insufficient.

Illustration.—A Covenanted Civil Servant who has a substantive salary of Rs. 1,000 per mensem, without giving over charge of his own office, officiates in another office the salary of which is Rs. 1,600, and in a third office the salary of which is Rs. 2,500 per mensem.

If he held each office alone he would be entitled to the following allowances in each one :—

For his own office, Rs. 1,000.

First office in which he officiated, Rs. 1,000 + $\frac{2}{3}$ of 1,600—1,000 = 600 = 1,400.

Second office in which he officiated, Rs. 1,000 + $\frac{2}{3}$ of 2,500—1,000 = 1,500 = 2,000.

Under the foregoing rule, his maximum allowance for the charge of the three offices would be Rs. 2,000 + Rs. 1,000 ÷ 2 + Rs. 1,400 ÷ 2 = Rs. 3,200; but as the highest substantive salary of any of the three offices is Rs. 2,500, his aggregate allowances must be limited to that sum, unless the Government to which he is subordinate makes the declaration described above, in which case he will receive such allowances, not exceeding Rs. 3,200 per mensem, as the Government may sanction.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and communicated to the other Departments, the Local Governments, the Comptroller-General of Accounts, the Head Commissioner of Paper Currency, the Director-General of the Post Office of India, the Mint Master, Calcutta, the Accountants-General, and the Deputy Accountants-General in independent charge.

No 377.—Mr. W. Foster, C.E., under covenant with the Secretary of State for India, having reported his arrival, is appointed to the Public Works Department as an Assistant Engineer of the 3rd grade, and posted to the Punjab for service in the Railway Branch.

BOOK CIRCULAR No. XIX.-2969.

FROM

W. COLDSTREAM, ESQ.,

Offg. Registrar of the Chief Court of the Punjab,

To

ALL COMMISSIONERS AND DEPUTY COMMISSIONERS IN THE PUNJAB.

Dated Lahore, 7th December 1870.

THE following Circular is issued in place of Book Circular No. X.-1713 of 1869, with the sanction of Government.

CHIEF COURT OF THE PUNJAB.

Present:

C. R. Lindsay, Esq., H. S. Cunningham, Esq., J. S. Campbell, Esq., } *Judges.*

1. The Judges deem it necessary to call the attention of Magistrates to the provisions of the Criminal Procedure Code regarding the report of crimes by the Police to the Magistrate having jurisdiction, and the power of Magistrates to call for and inspect the Police diaries.

2. By Section 135 of the Criminal Procedure Code, a complaint or information preferred to an officer in charge of a Police Station of the commission within the limits of such station of any of the offences specified in column 3 of the Schedule annexed to the Criminal Procedure Code as offences for which Police Officers may arrest without warrant, shall immediately be reported to the Magistrate having jurisdiction.

3. The object of the section is clear. The Magistrate is primarily responsible for the condition of the district or division of a district in which he has local jurisdiction, and he cannot divest himself of that responsibility, or relax the supervision which the law intends him to exercise. He should not rest content with reading the report, but should watch the various steps taken by the Police, and advise them in all cases when necessary ; and the Police should keep the Magistrate informed of their action.

4. A Police Officer making an enquiry under Chapter IX., Criminal Procedure Code, is bound by Section 154 to record his proceedings from day to day in a diary.

5. The Magistrate of the District alone is empowered to call for and examine Police diaries whenever he pleases. He should see that the diary is regularly kept up, and that each day's diary has been forwarded to, and has regularly reached, the District Superintendent in course of post,—this being the only security against the contents being antedated.

6. It may, however, be necessary for the ends of justice that a Magistrate conducting a trial or a preliminary enquiry should know the first steps taken in the case by the Police, and the first information given to the Police, or other essential points : and for this purpose any Magistrate may summon the diarist, or other person who may know that the facts were correctly recorded in the diary at the time they occurred, or when they were fresh in his memory, to appear in his Court, and to bring the diary.

7. Such witness may be called on to speak independently as to facts, refreshing his memory by a reference to the diary during his examination. This diary may be seen by the accused, or his counsel, and the witness may be cross-examined upon it.

8. Such diary shall not be evidence of the facts stated therein, except against the Police Officer who made it ; but the statement of the diarist or other Police Officer is legal evidence in the case.

9. Again, arrests are of the utmost importance in criminal matters. Section 160 of the Criminal Procedure Code requires that officers in charge of Police stations shall report to the Magistrate of the District the cases of all persons apprehended within the limits of their respective stations, whether such persons shall have been admitted to bail or otherwise; and no person who has been apprehended shall be discharged, except on bail, or on his own recognizance, or under the special order of a Magistrate.

10. The object of this section is that the Judicial Branch should promptly exercise authority, if necessary, with regard to all arrests by the Police; and it seems to have been framed with this view, that, as no person can be released without the order of a Magistrate, except on bail or recognizance, it shall be the Magistrate's responsibility, as well as that of the Police, if a person illegally arrested remains unnecessarily in custody.

By Order of the Chief Court of the Punjab,

W. Coldstream,

Offg. Registrar of the Chief Court of the Punjab.

JUDICIAL DEPARTMENT.

The following is republished for general information :—

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 25th November 1870, and is hereby promulgated for general information :—

ACT No. XXVII. OF 1870.

An Act to amend the Indian Penal Code.

Preamble. FOR the purpose of amending the Indian Penal Code; It is hereby enacted as follows :—

1. For Section thirty-four of the said Code, the following section shall be substituted:—

Liability for act done by several persons in furtherance of common intention. "34. When a criminal act is done by several persons in furtherance of the common intention of all, each of such persons is liable for that act in the same manner as if it were done by him alone."

2. For Section forty of the said Code, the following section shall be substituted. :—

"Offence." "40. Except in the chapter and sections mentioned in clauses two and three of this section, the word 'offence' denotes a thing made punishable by this Code.

"In Chapter IV. and in the following sections,—namely, Sections 109, 110, 112, 114, 115, 116, 117, 187, 194, 195, 203, 211, 213, 214, 221, 222, 223, 224, 225, 327, 328, 329, 330, 331, 347, 348, 388, 389, and 445, the word 'offence' denotes a thing punishable under this Code, or under any special or local law as hereinafter defined :

"And in Sections 141, 176, 177, 201, 202, 212, 216, and 441, the word 'offence' has the same meaning when the thing punishable under the special or local law is punishable under such law with imprisonment for a term of six months, or upwards, whether with or without fine."

3. Section fifty-six of the said Code shall be read as if the following proviso were added thereto :—

Proviso as to sentence for term exceeding ten years but not for life. "Provided that, where an European or American offender would, but for such Act, be liable to be sentenced or ordered to be transported for a term exceeding ten years, but not for life, he shall be liable to be sentenced or ordered to kept in penal servitude for such term exceeding six years as to the Court seems fit, but not for life."

4. After Section one hundred and twenty-one of the said Code, the following section shall be inserted :—

Conspiracy to commit offences punishable by Section 121. "121A. Whoever within or without British India conspires to commit any of the offences punishable by Section one hundred and twenty-one, or to deprive the Queen of the sovereignty of British India, or of any part thereof, or conspires to overawe, by means of criminal force, or the show of criminal force, the Government of India or any Local Government, shall be punished with transportation for life or any shorter term, or with imprisonment of either description which may extend to ten years.

"*Explanation.*—To constitute a conspiracy under this section, it is not necessary that any act or illegal omission shall take place in pursuance thereof."

5. After Section one hundred and twenty-four of the said Code, the following section shall be inserted :—

"124A. Whoever by words, either spoken or intended to be read, or by signs, or by visible representation, or otherwise, excites, or attempts to excite, feelings of disaffection to the Government established by law in British India, shall be punished with transportation for life or for any term, to which fine may be added, or with imprisonment for a term which may extend to three years, to which fine may be added, or with fine.

Exciting disaffection.

"*Explanation.*—Such a disapprobation of the measures of the Government as is compatible with a disposition to render obedience to the lawful authority of the Government, and to support the lawful authority of the Government against unlawful attempts to subvert or resist that authority, is not disaffection. Therefore, the making of comments on the measures of the Government, with the intention of exciting only this species of disapprobation, is not an offence within this clause."

6. Section one hundred and thirty-one of the said Code shall be read as if the following explanation were added thereto :—

Addition to Section 131.

"*Explanation.*—In this section the words 'officer' and 'soldier' include any person subject to the Articles of War for the better government of Her Majesty's Army, or to the Articles of War contained in Act No. V. of 1869."

7. Sections one hundred and ninety-four and one hundred and ninety-five of the said Code shall be read as if, after the words 'by this Code,' the words 'or the law of England' were inserted.

Amendment of Sections 194 and 195.

8. Sections two hundred and twenty-two and two hundred and twenty-three of the said Code shall be construed as if after the word 'offence' the following words were inserted (that is to say), 'or lawfully committed to custody';

Amendment of Sections 222 and 223.

and Section two hundred and twenty-two of the said Code shall be construed as if the following words were added thereto (that is to say), "or if the person was lawfully committed to custody."

Escape from custody for failing to furnish security.

10. After Section two hundred and ninety-four, and before Chapter XV. of the Indian Penal Code, the following section shall be inserted :—

"294A. Whoever keeps any office or place for the purpose of drawing any lottery not authorised by Government shall be punished with imprisonment of either description for a term which may extend to six months, or with fine, or with both.

Keeping lottery-office.

And whoever publishes any proposal to pay any sum, or to deliver any goods, or to do or forbear doing anything for the benefit of any person, on any event or contingency relative or applicable to the drawing of any ticket, lot, number or figure in any such lottery, shall be punished with fine which may extend to one thousand rupees."

11. Section three hundred and seven of the said Code shall be read as if the following clause were added thereto :—

"When any person offending under this section is under sentence of transportation for life, he may, if hurt is caused, be punished with death."

Attempts by life-convicts.

12. After Section three hundred and four of the same Code, the following section shall be inserted :—

"304A. Whoever causes the death of any person by doing any rash or negligent act not amounting to culpable homicide, shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both."

14. No charge of an offence punishable under any of the said Sections 121A, 124A, and 294A shall be entertained by any Court unless the prosecution be instituted by order of, or under authority from, the Local Government.

JUDICIAL DEPARTMENT.

The following is republished for general information :—

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 25th November 1870, and is hereby promulgated for general information :—

ACT No. XXVII. OF 1870.

An Act to amend the Indian Penal Code.

Preamble.

FOR the purpose of amending the Indian Penal Code ; It is hereby enacted as follows :—

1. For Section thirty-four of the said Code, the following section shall be substituted:—

Liability for act done by several persons in furtherance of common intention.

"34. When a criminal act is done by several persons in furtherance of the common intention of all, each of such persons is liable for that act in the same manner as if it were done by him alone."

2. For Section forty of the said Code, the following section shall be substituted. :—

"Offence."

"40. Except in the chapter and sections mentioned in clauses two and three of this section, the word 'offence' denotes a thing made punishable by this Code.

"In Chapter IV. and in the following sections,—namely, Sections 109, 110, 112, 114, 115, 116, 117, 187, 194, 195, 203, 211, 213, 214, 221, 222, 223, 224, 225, 327, 328, 329, 330, 331, 347, 348, 388, 389, and 445, the word 'offence' denotes a thing punishable under this Code, or under any special or local law as hereinafter defined :

"And in Sections 141, 176, 177, 201, 202, 212, 216, and 441, the word 'offence' has the same meaning when the thing punishable under the special or local law is punishable under such law with imprisonment for a term of six months, or upwards, whether with or without fine."

3. Section fifty-six of the said Code shall be read as if the following proviso were added thereto :—

Proviso as to sentence for term exceeding ten years but not for life.

"Provided that, where an European or American offender would, but for such Act, be liable to be sentenced or ordered to be transported for a term exceeding ten years, but not for life, he shall be liable to be sentenced or ordered to be kept in penal servitude for such term exceeding six years as to the Court seems fit, but not for life."

4. After Section one hundred and twenty-one of the said Code, the following section shall be inserted :—

Conspiracy to commit offences punishable by Section 121.

"121A. Whoever within or without British India conspires to commit any of the offences punishable by Section one hundred and twenty-one, or to deprive the Queen of the sovereignty of British India, or of any part thereof, or conspires to overawe, by means of criminal force, or the show of criminal force, the Government of India or any Local Government, shall be punished with transportation for life or any shorter term, or with imprisonment of either description which may extend to ten years.

"*Explanation.*—To constitute a conspiracy under this section, it is not necessary that any act or illegal omission shall take place in pursuance thereof."

5. After Section one hundred and twenty-four of the said Code, the following section shall be inserted :—

Exciting disaffection.

"124A. Whoever by words, either spoken or intended to be read, or by signs, or by visible representation, or otherwise, excites, or attempts to excite, feelings of disaffection to the Government established by law in British India, shall be punished with transportation for life or for any term, to which fine may be added, or with imprisonment for a term which may extend to three years, to which fine may be added, or with fine.

"*Explanation.*—Such a disapprobation of the measures of the Government as is compatible with a disposition to render obedience to the lawful authority of the Government, and to support the lawful authority of the Government against unlawful attempts to subvert or resist that authority, is not disaffection. Therefore, the making of comments on the measures of the Government, with the intention of exciting only this species of disapprobation, is not an offence within this clause."

Addition to Section 131.

6. Section one hundred and thirty-one of the said Code shall be read as if the following explanation were added thereto :—

"*Explanation.*—In this section the words 'officer' and 'soldier' include any person subject to the Articles of War for the better government of Her Majesty's Army, or to the Articles of War contained in Act No. V. of 1869."

Amendment of Sections 194 and 195.

7. Sections one hundred and ninety-four and one hundred and ninety-five of the said Code shall be read as if, after the words 'by this Code,' the words 'or the law of England' were inserted.

Amendment of Sections 222 and 223.

8. Sections two hundred and twenty-two and two hundred and twenty-three of the said Code shall be construed as if after the word 'offence' the following words were inserted (that is to say), 'or lawfully committed to custody;'

and Section two hundred and twenty-two of the said Code shall be construed as if the following words were added thereto (that is to say), "or if the person was lawfully committed to custody."

9. After Section two hundred and twenty-five of the said Code, the following section shall be inserted :—

"225A. Whoever escapes or attempts to escape from any custody in which he is lawfully detained for failing, under the Code of Criminal Procedure, to furnish security for good behaviour shall be punished with imprisonment of either description for a term which may extend to one year, or with fine, or with both."

10. After Section two hundred and ninety-four, and before Chapter XV. of the Indian Penal Code, the following section shall be inserted :—

Keeping lottery-office.

"294A. Whoever keeps any office or place for the purpose of drawing any lottery not authorised by Government shall be punished with imprisonment of either description for a term which may extend to six months, or with fine, or with both.

And whoever publishes any proposal to pay any sum, or to deliver any goods, or to do or forbear doing anything for the benefit of any person, on any event or contingency relative or applicable to the drawing of any ticket, lot, number or figure in any such lottery, shall be punished with fine which may extend to one thousand rupees."

11. Section three hundred and seven of the said Code shall be read as if the following clause were added thereto :—

Attempts by life-convicts.

"When any person offending under this section is under sentence of transportation for life, he may, if hurt is caused, be punished with death."

12. After Section three hundred and four of the same Code, the following section shall be inserted :—

Causing death by negligence.

"304A. Whoever causes the death of any person by doing any rash or negligent act not amounting to culpable homicide, shall be punished with imprisonment of either description for a term which may extend to two years, or with fine, or with both."

13. The following chapters of the same Code, namely, IV. (*General Exceptions*), V. (*Of Abetment*), and XXIII. (*Of Attempts to commit Offences*) shall apply to offences punishable under the said Sections 121A, 294A, and 304A, and the said Chapters IV. and V. shall apply to offences punishable under the said Sections 124A and 225A.

Order of Local Government necessary to prosecution under sections 121A, 124A, or 294A.

14. No charge of an offence punishable under any of the said Sections 121A, 124A, and 294A shall be entertained by any Court unless the prosecution be instituted by order of, or under authority from, the Local Government.

Saving of special and local laws.

15. Nothing contained in this Act shall be taken to affect any of the provisions of any special or local law.
